If at any time during the term of the contract the contractor shall be obligated to perform services in any additional areas of the building, or if the type of services required becomes more difficult by virtue of changes made in the nature of space utilization, the contractor's compensation shall be increased. Also, should you require special services not covered by this agreement; we will bill for those services an amount to be agreed upon and on a time schedule to be agreed upon.

All employees of At Your Service are not to be solicited for an in-house janitorial program or to be hired as a self-employed janitorial sub-contractor for you facilities.

In the event of an unforeseen emergency (act of God) and holidays, At Your service does not adjust monthly billing amount. If school is called off for the day, then we will not perform services for that evening, unless students were sent home during the school day. If after school events are scheduled and still go on, our custodians will clean up after the event.

At Your Service has an automated timekeeping system that requires the use of a phone for clocking in and out. The calls are to a local or toll free number.

We will maintain public liability and property damage insurance, and state workers' compensation to cover all employees on your work site. A certificate of this coverage is included in this proposal.
