Sen. Kahn has not been able to work out a deal with the House, so we have to move forward as directed in the FY 12 appropriation bill, which means terminating our contract to MQCCC. I'm not sure where this goes from here but I think we need to be working under the assumption that the organization will cease to exist.

Thanks, and I apologize for the lateness of this...

At this point I would assume they will continue.

Sen Kahn has cut a deal with SBO to reduce worker rates 5 cents an hour to fund the MQCCC, but has to get sign-off from the House, which won't be easy, so their exact status for FY12 is not yet certain.

SBO told me this yesterday (Tuesday). The reduction proposal should not be shared publicly yet.

Should we still assume that there is no state funding available for MQC3 in FY 2012? We have a meeting with them tomorrow (Thursday) about their closure, so it would be good to know exactly what their status will be.
