Recent federal tax changes allow 529 education savings plans to be used for college expenses as well as private school tuition. Dollars invested in 529 plans grow tax free, and in some cases, contributions are tax deductible. Do you support or oppose Michigan continuing to offer tax benefits to families who use a child’s 529 plan to pay for private school tuition?

- Strongly support ........................................ 35.5%
- Somewhat support ........................................ 27.0%
- Neither support / oppose (VOL) .................. 4.1%
- Somewhat oppose ......................................... 8.4%
- Strongly oppose ........................................... 20.0%
- Don’t know ................................................... 5.0%
- Refused .......................................................... -

TOTAL SUPPORT........................................... 62.5%
TOTAL OPPOSE............................................. 28.4%

Are you the parent or guardian of any school-aged children, pre-school through high school?

- Yes .............................................................. 27.4%
- No ............................................................... 72.6%
- Refused .......................................................... -

[Parents or guardians of school-aged children ONLY]
Do one or more of your children have a 529 education savings plan in their name?

- Yes .............................................................. 25.6%
- No ............................................................... 74.0%
- Don’t know ................................................... 0.5%
- Refused .......................................................... -
[Parents or guardians who have 529 plans for a child ONLY]
How likely are you to use a 529 plan to pay for private school tuition? Are you very likely, somewhat likely, not very likely, or not at all likely?

- Very Likely ........................................... 17.9%
- Somewhat Likely .................................... 12.5%

- Much More Likely .................................... 17.8%
- Somewhat More Likely ............................... 17.2%
- Neither More / Less Likely (VOL) ............. 36.2%
- Somewhat Less Likely ............................... 10.4%
- Much Less Likely ..................................... 9.8%
- Don't Know ............................................. 8.6%
- Refused .................................................. -

TOTAL MORE LIKELY.................................... 35.0%
TOTAL LESS LIKELY.................................... 20.2%

These questions were asked as part of a longer telephone survey interview conducted by Marketing Resource Group, Inc., between July 9 and 13, 2018. Responses were provided by a statistically representative sample of 800 active Michigan voters, with a margin of error of +/- 3.46 percent. Thirty percent of interviews were conducted by cell phones.
