**ARTICLE IV**  
**EMPLOYEE RIGHTS AND PROTECTION**

A. The private life of an employee is not within the appropriate concern or attention of the Employer unless the employees conduct adversely affects his/her relationship with students or causes harm to the school district.

B. The Employer recognizes the merits of a policy of progressive discipline, which includes verbal warning, written warning, suspension with pay and suspension without pay, with discharge as a last resort. Any disciplinary action taken shall be appropriate to the behavior which led to the discipline, recognizing that extreme infractions may result in immediate action which may bypass the earlier steps of the progression.

C. After fulfilling the probationary period, no employee shall be disciplined, reprimanded or reduced in compensation as a disciplinary measure without “just cause”, meaning arbitrary and capricious standards. Any such action shall be subject to the Grievance Procedure herein. An employee shall have the right to have present an Association representative whenever disciplinary actions are contemplated, and upon request for such representation, the action shall be delayed up to a maximum of forty-eight (48) hours to allow the representative to be present. All information forming the basis for a disciplinary action shall be made available to the employee. Alleged breaches of discipline or complaints against an employee shall be brought to the employee’s attention within ten (10) working days or dropped.

D. Any case of assault upon an employee shall be promptly reported in writing to the Superintendent or his designee. The employee may be provided access to the Employer's legal counsel, upon approval of the Superintendent to advise the employee of his/her rights and obligations with respect to such assaults, so long as said employee was performing his/her job at the time of the altercation. The employee shall be expected to use reasonable judgment while performing his/her job as a school employee.

E. The Employer agrees, pursuant to its obligations according to state and federal law, not to discriminate against any employee on the basis of race, color, creed, national origin, age, sex, marital status, height, weight, religion, political affiliation or by reason of membership in the Association or participation in Association activities. Where there exists an administrative agency created by statute to enforce such claims, enforcement shall be pursued before the administrative agency exclusively and such claims are hereby expressly excluded from arbitration provisions of this Agreement.

F. The district shall maintain only one personnel file for each employee. Each employee shall have the right to review the contents of his/her personnel file, and the right to be accompanied by an Association representative when reviewing his/her file. An employee may submit a written response to any material in his/her file, the response to be attached to the relevant filed material. The employee will immediately be given a copy of any new disciplinary information added to his/her personnel file.

G. The association and the district recognize the importance of a safe work environment and as such agree to set up a joint administration/association safety committee. The committee will be composed of six members – three association members and three administrators. Association members will include: the association president, member initiating the concern and one at large member. Administration will be represented by the Chief Mechanic, Director of Business and Finance and the Director of Operations. Any committee member can call for a meeting. The safety concern or issue will be submitted to all committee members in writing. If a concern or issue cannot be resolved within 30 days, the issue/concern will be submitted to the Superintendent for resolution.

**ARTICLE V**  
**SENIORITY**

A. A newly hired employee shall be on a probationary status for ninety (90) workdays, taken from and including the first day of employment. The probationary period may be waived at management's discretion when the employee has driven ninety (90) work days as a substitute driver for St Johns Public Schools. If at any time prior to the completion of the ninety (90) work days probationary period, the employee's work performance is unsatisfactory, the employee may be dismissed during this period without appeal by the employee or the Association. Probationary employees who are absent on scheduled work days, or who serve their probationary period during the non-school period in which the job is not operative, shall work additional days equal to the number of days in which the job is not operative or equal to the number of days absent, and such employee shall not have completed his probationary period until these additional days have been worked.

B. Upon satisfactory completion of the probationary period, the employee's seniority date shall be retroactive to the first working day. In the event the Employer hires two employees on the same date, the last four digits of the social security number will be used in establishing the order. The higher number will be given the higher seniority rank.

C. If conditions necessitate a reduction in the number of Employees, layoff shall be based on seniority, with the Employees having least seniority laid off first. A laid off employee shall be placed on the substitute list for first call to substitute opportunities that will not cause the laid off employee to acquire an additional qualifying week for unemployment purposes.

D. When the work force is increased after a layoff, or when a vacancy occurs, the most senior employee laid off will be recalled first, except where the senior employee lacks the necessary qualifications to perform the duties of the open position. Notice of recall shall be sent to the employee's last official address (as reflected in the employer's records) by registered or certified mail. If any employee fails to report to work within five (5) working days of the mailing of notice of recall, he shall be considered as a voluntary quit. Employees on layoff status shall be entitled to exercise their seniority in any subsequent route selection meetings or will be recalled to the next available vacant route for which they are entitled by seniority, and qualification. Employees shall be carried on layoff status for a maximum period of three (3) years.

E. An employee covered by this Agreement shall cease to have seniority and shall have his/her name removed from the seniority list, in the event:

1. The person is discharged for cause and is not reinstated through the grievance procedure;
2. The person retires;
3. The person resigns;
4. The person is laid off for a period of three (3) years or a length of his/her seniority, whichever is less;
5. The person accepts employment elsewhere while on a leave of absence, or is self-employed for the purpose of making a profit during a leave of absence where such employment or self-employment is inconsistent with the reason for which leave of absence was granted;
6. The person fails to report for work on the first working day after expiration of a leave of absence without a reasonable excuse acceptable to the Board;
7. The person fails to report for work following a layoff within five (5) working days after the employee is notified to do so, by certified or registered mail sent to his/her address of record with the employer. It shall be the obligation of the employee to supply the employer with a current address;
8. The person is absent for work, without permission, for three (3) consecutive work days; or
9. The person is on sick leave for a period of two (2) years, or the length of his/her seniority, whichever is less.

F. Seniority shall be retained, but shall not accumulate, for an employee who transfers to a supervisory position, that employee having the right to exercise the seniority that he/she has accumulated while a member of the bargaining unit, should the employee return to the bargaining unit and vacates his supervisory position, he/she will resume accruing seniority.

G. The seniority list as of the date of this Agreement is attached to this Agreement. A revised seniority list will be provided to the Association each year.

**ASSIGNMENTS AND VACANCIES**

A. All employees, whether on layoff or returning from leave, are entitled to participate and exercise their seniority in the bidding process. The most senior employee shall have first choice of assignment. Selection of assignments shall continue in order of the next most senior employee until all the available assignments are selected. Available shuttle routes shall be bid separately by seniority bid prior to school starting Bidding for regularly scheduled bus routes will be as follows:

1. Routes will be established and available for review and driving no later than three (3) weeks prior to The beginning of the school year.
2. Routes will be posted for bid between the 2<sup>nd</sup> & 1<sup>st</sup> week prior to the beginning of the school year.
3. Drivers will drive their bid route and adjust route layout with the Director of Operations or his/her designee and determine safety issues and contacting parents of the students no later than one (1) week prior to the beginning of the school year.
4. Drivers will be paid one (1) additional days to prepare their routes for the school year-

B. The Employer reserves the right to make any additions, deletions or changes in assignments, routes, shuttles, stops, length and number of assignments and routes as necessary, for the efficient operation of the transportation system in order to meet requirements and/or needs of the district.

C. If the time allotment for a bus route is reduced by more than fifteen (15) minutes from the original time allotment bid upon by the driver, a special conference will be held between representatives of the Employer and the Association to discuss the causes and any alternatives to deal with the impact upon the driver prior to implementing the reduction.

D. Buses will be assigned to employees and will move with the employee unless the Director of Operations deems the type of route and condition of the bus warrants a different assignment. A bus, as determined by the employee to be unsafe because of faulty parts or equipment, will be returned to the garage for evaluation by Mechanic. A bus shall not be operated until the Mechanic has given approval. If the employee and Mechanic are in disagreement over said bus, the Director of Operations shall be asked to determine the condition of the bus. If no bus is available for that employee, he/she shall not lose pay.

E. An employee may be denied a route for good cause. Should the senior employee be denied a route, reasons for the denial shall be given orally to the employee at the time of the denial and within twenty-four (24) hours in writing. If the employee disagrees with the reason for such denial, it may become a proper subject for the grievance procedure. For the purpose of this provision the grievance may be initiated at Level II, if filed within five (5) days of the denial.

F. Upon the completion of the probationary period, employees become eligible to participate in the seniority rotation for the assignment of trips. If a newly hired employee has been previously employed as a bus driver and has driven trips for the school district previously, the supervisor may approve his/her participation in the trip rotation prior to completion of the probationary period. In the event a seniority employee is unable to cover the second or third route on her/his assignment said route shall be offered to other available bargaining unit members by seniority prior to such route being assigned to a substitute driver. Substitutes may be used for trips in emergency situations when rotation employees cannot be contacted. An employee is entitled to be assigned a trip pursuant to the rotation procedure without regard to overtime.

G. If the Mechanic, Router or Director of Operations is not available after two phone calls when an employee is in need of help because of a breakdown on out-of-town trips, they may contact the nearest AAA or equivalent service for emergency assistance. On out-of-town trips, the employee, in the absence of Director of Operations, shall evaluate road conditions and determine whether to continue on or to return home.

H. Whenever possible, student discipline conferences with parents required by the Employee will be scheduled immediately following or before a route or shuttle.

I. A ten (10) working day notice shall be given by the employee, in writing, when vacating any position or portion of said position. All vacancies shall be posted for five (5) working days. The Director of Operations will send a copy of the posting to the union president and secretary.

K. Any employee desiring to resign shall file a letter of resignation with the Director of Operations with a copy being sent to the Business Office at least (10) work days prior to the effective date. An employee who resigns from a position in this manner maintains the right of earned severance pay.

L. Assignment of extra trips will depend on the number of hours a bus driver will work in any given week. A week is defined for overtime purposes to begin on Saturday and end on the following Friday. The total number of hours a bus driver can work in any given week is capped at forty two (42) hours. It is also understood that unforeseen circumstances may extend the forty two (42) capped hours. The trips will be posted by the event and the approximate length of time the trip will take. The transportation supervisor will utilize Versa Trans module "trip taker" to assist in determining the length of the trip. The most senior bus driver in rotation will have priority. If any senior bus driver, in rotation does not qualify for the trip, substitute bus drivers will be secured. If a substitute bus driver cannot be secured for the trip, the trip will revert back to the most senior driver who originally applied for the trip. Once a trip has been awarded, the driver is committed to that trip and not able to bid on late postings.

M. In contracting for extra trips, overtime (see definitions) will be a determining factor in the assignment. Understanding that the length of a trip is hard to predict, the supervisor of transportation will estimate the length of the trip. If the projected time will cause an interested employee to exceed a forty two (42) hour work week, the trip will go to the next available driver, in rotation, as described in Article I on page 22.

**ARTICLE VIII**  
**JOB SHARING**

- A. The following are conditions that shall apply for a job share position:

If more than one association member puts in a request for a job share and a determination must be made, the determination will be by seniority.
  - b) The duration of the job share shall be for one school year.
  - c) In order for a job share pilot to occur, the Superintendent must approve the pilot terms and conditions. That decision is not subject to the grievance procedures. Terms and conditions of the job share will be submitted to the Association board by August 1<sup>st</sup>.

  - f) All other contractual language shall apply equally to the job share drivers.
  - g) The job share request shall include:
    - a. A schedule with work times and designation of responsibilities:
      - i. Identifying the times of different runs.
      - ii. Provide a brief description of how the drivers' responsibilities are to be shared, including: determine safety issues and adjustments of route layouts; pre and post trip inspections; bus cleaning, fueling, and paperwork.

**ARTICLE IX**  
**MISCELLANEOUS**

A. Employees will provide telephone numbers where they may be contacted during the day when weather or emergency conditions may require the early release and transportation of student's home from school. Under these conditions employees may be required to drive assignments of other employees who could not be contacted. Drivers who could not be reached shall not lose pay for the time lost provided they have followed this procedure.

B. When weather conditions cause hazardous driving conditions, employees will be notified of when to commence their assignments. Employees will not be paid for the equivalent of one (1) day when school is cancelled for the district. Employees will be paid for any remaining cancellations where the student instructional time does not need to rescheduled. The Employer may use a substitute worker in the position while the employee is on leave. The employee will be returned to the position if held by a substitute worker upon expiration of his/her leave, subject to any reduction in personnel affecting the position.

**H. Family Medical Leave Act:** It is understood that the Family Medical Leave Act of 1993 does not abrogate the rights of the parties under this Collective Bargaining Agreement.
