Agreement between the Board of Education of Center Line Public Schools and MEA-NEA Local 1

Preamble

Whereas, the Board of Education of the Center Line Public Schools has been offered good and sufficient evidence that it is the desire of the majority of the teaching staff to be represented by MEA-NEA Local 1; and further, the Board has a statutory obligation, pursuant to the Public Employment Relations Act, Act 336 of the Public Acts of 1947 as amended, to bargain with the Association as the representative of its teaching personnel in matters of hours, wages, and other terms and conditions of employment; and

Whereas, said Board of Education has formally recognized MEA-NEA Local 1 as exclusive bargaining representative of the teaching staff as designated below; and

Whereas, the Board of Education of the Center Line Public Schools and MEA-NEA Local 1 recognize and declare that providing a quality education for the children of the Center Line Public Schools is their mutual aim; and

Whereas, the members of the teaching profession are particularly qualified to recommend to the Administration and Board policies and programs designed to improve educational standards:

Therefore, the parties agree as follows:

Section 1. Basic Contract Agreement

1.1 Definitions

Board: The Board of Education of the Center Line Public Schools.

Association: MEA-NEA Local 1, which is affiliated with the Michigan Education Association and the National Education Association.

District: The territory officially designated as the Center Line Public Schools.

Teacher: With qualifying designations--any person represented by MEA-NEA Local 1, CLEA, in this Agreement.

Principal: The person responsible for the administration and supervision of a single school building.

Superintendent: The person responsible for the administration of all the schools in the district, or any person to whom he/she may delegate authority in a particular situation.

1.2 Basic Agreement

- A. The Board agrees that its rules and regulations governing employees' conduct will be reasonable and enforcement of discipline will be fair.
- B. In all cases regarding teacher discipline, due process safeguards will be exercised.
- C. Teachers will faithfully perform their assigned duties in a professional and efficient manner under the terms of this contract.
- D. The Board will compensate teachers according to the attached schedule for their services to the district.
- E. All areas of this Agreement, unless specifically noted otherwise, shall apply to all teachers.

- F. A time after working hours shall be reserved for a monthly meeting of representatives of the Board and the Association to discuss matters of mutual concern. The meetings will be held upon agreement of a mutually-accepted agenda. The agenda should be agreed to by the Friday preceding the requested meeting date. These meetings are not intended to by-pass the grievance procedure.

1.3 Recognition

- A. The Association recognizes the Board as the elected representative of the people of the district, as the employer of all personnel on the payroll of the district, and that under state law it is charged with the general management of the schools.
- B. The Board agrees not to negotiate with any teachers' organization other than the Association for the duration of this Agreement. Nothing contained herein shall be construed to prevent any individual, the Association, or their representative from presenting a grievance and having the grievance adjusted without intervention of the Association if the adjustment is not inconsistent with the terms of this Agreement. The Association will be given the opportunity to be present at such adjustment.
- C. The Board hereby recognizes the Association as the exclusive and sole bargaining representative, as defined in Section 11 of Act 379, Public Acts of 1965, for all professional personnel whose position with the district requires a valid certificate, employed or to be employed by the Board (whether or not assigned to a public school building), but excluding those with the title of Superintendent, Business Office Manager, Assistant Superintendent, Executive Director, Director of Special Education, Principal, Assistant Principal, Athletic Director, Maintenance/Transportation Supervisor, Assistant Supervisor of Maintenance and Custodial Services, Supervisor of Food Services, Technology Director, Transportation Coordinator and any other which in the future may be determined to be excluded under the law.
- D. Nothing contained herein shall be construed to deny or restrict any rights a member of the Association may have under the laws of the State of Michigan and the United States of America.
- E. Upon appropriate written authorization from the bargaining unit member, the Board shall deduct from the salary of any such teacher and make appropriate remittance for any institution or program jointly approved by the Board and the Association, Board-authorized annuities, the Extra Credit Union, savings bonds, Board-approved charitable donations. Other contributions will be considered by the Board of Education on their individual merit.
- F. The Association shall indemnify and save the Board harmless against any and all claims, demands, suits, and other forms of liability that may arise by reason of the Board's complying with the provisions of this article.

1.4 Grievance Procedure

- A. Definitions

Grievance: A claim based upon an event or condition which affects the conditions or circumstances under which a teacher works, allegedly caused by a misinterpretation or inequitable application of established law, Board policy, or the terms of this Agreement.

Party in Interest: The person or persons making a claim (complaint) and any person or persons who might be required to take action or against whom action might be taken to resolve the problem.

Days: When used in this section, days shall mean business days excluding summer.

The first day of the 30-day limit for a Board of Education decision at Level Four of the Grievance Procedure shall be the Wednesday immediately following receipt of the grievance notification letters in the Administration Building.

B. Purpose

The primary purpose of the procedure set forth in this section is to secure, at the lowest level possible, equitable solutions to the problems of the parties. Both parties agree that these proceedings shall be kept confidential as may be appropriate at any level of such procedure. Nothing contained herein shall be construed as limiting the right of any teacher to discuss informally any matter of mutual concern or interest with an appropriate member of the Administration.

C. The number of days indicated at each level should be considered as maximum and every effort should be made to expedite the process. The time limits may be extended by mutual consent.

In the event a grievance is filed after May 15 of any year, the Board and the Association shall use reasonable efforts to process such grievance prior to the next school year.

If the grievant does not process the grievance to Level Two, or Level Three, or Level Four, or Level Five, within the prescribed time period, the grievance shall be considered settled on the basis of the answer at the last previous level, as the case may be.

D. When a grievance involving more than one building arises, the grievance shall be channeled to the Superintendent.

E. Levels of the Grievance Procedure:

1. **Level One**

A teacher with a grievance shall notify his/her immediate supervisor or principal within twenty-five (25) days of its occurrence or from the time the grievant knew or should have known of its occurrence. Discussion of the complaint shall be within five (5) days of notification, individually, together with his/her Association representative, or through the Association representative. A written copy describing the grievance shall be given to the supervisor or principal for his/her records prior to or during the discussion at Level One. An Association representative will assist in writing the grievance.

2. **Level Two**

In the event the grievant is not satisfied with the disposition of the grievance at Level One, or if the grievant does not receive an answer within five (5) days of the meeting to discuss the grievance, he/she may, within ten (10) days, submit the grievance to the Association for screening. At the same time, notice shall be given to the supervisor that Level Two is being invoked. The Association shall have thirty (30) days to determine if the grievance has merit.

3. **Level Three**

The grievant may submit the grievance to the Superintendent within ten (10) days of the completion of Level Two action. Within ten (10) days from receipt of the grievance by the Superintendent, he/she shall meet with the Association in an effort to resolve the grievance. The Superintendent will provide a written answer to the Association and grievant within ten (10) days of the meeting.

4. **Level Four**

In the event the grievant is not satisfied with the Superintendent's answer, or if no decision has been rendered within ten (10) days of the meeting with the Superintendent, the grievant may submit the grievance to the Board of Education within ten (10) days following the receipt of the unsatisfactory answer at the preceding level or from the expiration of the ten (10) days given for an answer. The Board shall, within thirty (30) days from submission of the grievance, provide a written decision on the grievance.

5. **Level Five**

a. In the event a grievance is not resolved at Level Four, or if no disposition has been made within the period above provided, the grievance may be mediated according to state law and/or submitted to arbitration before an impartial arbitrator within twenty-five (25) days following completion of the procedures at Level Four. The Association must give the district simultaneous notice of the appeal at the time they invoke the arbitration/mediation authority. The arbiter shall be selected by the

American Arbitrator Association in accord with its rules, which shall likewise govern the arbitration proceeding. The Board and the Association shall not be permitted to assert in such arbitration proceeding any ground or to rely on any evidence not previously disclosed to the other party. The arbitrator shall have no power to alter, add to, or subtract from the terms of this Agreement. Both parties agree to be bound by the award of the arbitrator and agree that judgment thereon may be entered in any court of competent jurisdiction.

- b. The fees and expenses of the arbitrator shall be paid jointly by the parties.
 - c. No judgment shall be awarded prior to the date of the grievance.
 - d. In the event the Association decides that the grievance does not have merit to proceed to arbitration, the grievant may not utilize the grievance procedure any further. However, nothing contained herein shall be construed as limiting the right of the grievant to pursue any or all other legal recourses from that point with the exclusion of arbitration.
- F. The parties shall be guaranteed the right to produce such witnesses as are necessary to present their respective cases. The days used by teachers will be accounted for under the terms of Section 2.1, C., D.
- G. Miscellaneous
- 1. A grievance may be withdrawn at any level without prejudice of record. However, if in the judgment of the Association Grievance Committee the grievance affects a group of teachers, the Association Grievance Committee may process the grievance at the appropriate level.
 - 2. Decisions (answers) rendered at all levels shall be in writing and shall be promptly transmitted to all parties of interest.
 - 3. No reprisals of any kind shall be taken by or against any party in interest or any participant in the grievance procedure by reason of such participation.
 - 4. All documents, communications, and records dealing with a grievance shall be filed separately from the personnel files of the participants.
 - 5. Forms for filing and processing grievances shall be available from the Association Grievance Chairperson and designated Association representatives in a manner to be determined by the Association. The design of the grievance form will be by mutual consent of the Superintendent and the Association.
 - 6. A grievant may in no event be represented by an officer, agent, or other representative of any teacher organization other than the Association.
 - 7. Processing of grievances shall be done at appropriate times and places so that all parties in interest will continue to perform their regular duties and classes will be continued on a regular schedule.

The system to be established will be mutually agreed upon between the Center Line High School Administration and CLEA building representatives. If a mutually-agreed system cannot be achieved by the end of the second week of school, the high school principal will establish the system.

1. Voluntary

- a. Request for voluntary transfer may be made any time a vacancy is posted. Vacancies for the next school year will be published as they arise.

Requests by a teacher for transfer to a different class, building, or position shall normally be made in writing to the Superintendent or his or her designee, one copy of which shall be filed with the Association and the principals involved. The request shall specify the posted position being requested and set forth the applicant's academic qualifications. Teachers must be certified for the positions requested.

Positions in this category will be re-posted and filled on a tentative basis by certified bargaining unit members if at all possible.

2.5 Racial Balance

The foregoing (Sections 2.2 - 2.7) shall not be construed in such a way as to prohibit the Board from providing a racially-balanced staff in each school building, and the Association will cooperate with the Board in seeking and promoting the

employment of minority group educators.

2.6 Professional Participation - District, Building or Department Level

- A. The Board and the Association recognize the importance of collaborative decision making (I.e. Collaborative Leadership, Strategic Planning, etc.). The parties agree that all collaborative planning processes shall contain adequate teacher representation.  - 5. The Board recognizes that is desirable for a secondary teacher to have not more than three separate class preparations per day. A reasonable effort will be made by the Board to limit the number of preparations.
- C. Part Time -- Shared Time Positions
- 1. Any shared position will not cost the Center Line Public Schools more than the assignment of one teacher to the same position in salary and fringe benefits.
 - 2. When an assignment involves a partial schedule at any level or in any area, the salary will be prorated. A person will not be paid for an entire planning period. These teachers are expected to take part in evening events, after-school meetings, and to adjust their personal schedule to the school schedule when necessary.
 - 3. Requests for a part time or shared time assignment must be received by the human resource office no later than June 30 of the current school year and will expire on June 1 of the current school year. An explanatory meeting will be held at least one week prior to the March 31 due date. All items in Section 3.1 will apply to these employees except those that refer to full-time assignments.
 - 4. The above assignments are for one (1) year and for tenure teachers.
 - 5. The teachers will be granted a step on the salary schedule and full seniority for a full year assignment.
 - 6. Teachers may personally pay the difference in fringe benefits if they desire the full coverage or may apply the prorated amount to one or more fringe benefits (providing it is allowed by the carrier.)
- D. Teachers will not leave buildings during working hours (excepting the lunch hour) without the consent of the building principal or his/her designated representative. When teachers leave the building during lunch hour, they are expected to notify the office.
- E. Teachers shall leave school no earlier than is provided for in 3.1A and 3.1B of this Section.
- F. Failure to comply with the above provisions shall be deemed the same as a case of tardiness.
- 1. Tardiness at the start of the day must be reported to the building principal as soon as it is known that such tardiness will occur and an estimate given as to the extent of the tardiness.
 - 2. Teachers must furnish the building principal an explanation for each tardiness before the last dismissal bell.
 - 3. In cases of unexcused tardiness, administrators will take appropriate disciplinary action.
 - 4. In cases where a pay deduction is enacted, such deduction shall be to the nearest hour missed.
 - 5. Under situations involving acts of God, civil disorders, or other conditions affecting travel, the Superintendent may suspend the above rules.

- G. The Association and the Board agree that it is the responsibility of each individual teacher, as well as the Board, to provide the highest quality educational program practicable for every student in the school district through careful daily preparation. It will be the teacher's responsibility to provide adequate daily lesson plans in case of absence. Administrators will take appropriate disciplinary action when a teacher fails to have plans available for the substitute teacher which makes it possible to carry on a meaningful class.
- H. The Association and the Board agree that the above shall not be interpreted to limit teachers' obligations to the district. Attendance at parent conferences, open houses, and regularly scheduled PTC meetings will be obligatory. In addition, attendance at in-service meetings, curriculum meetings, staff meetings, or other public relations activities is a recognized professional obligation of all teachers. Attendance at these functions will be obligatory unless the teacher is excused by the principal. All such meetings are to be held on Tuesdays (as provided for in Section 3.1, J. 1 of this Contract).
- I. The school district may schedule two after school in-service sessions each semester (four total). One session may be 2 ½ hours long and the three additional sessions will be limited to no more than 2 hours. Pay will be at the hourly rate listed in Appendix G (Special Teaching Assignments) for after school in-service when the employee is in attendance.
- J.
 1. Tuesday afternoons and evenings shall be reserved for professional and Association use. The second Tuesday of each month shall be reserved for professional use. The third Tuesday of the month shall be reserved for Association use and other school activities will not be scheduled for those times. Additional building meetings, when necessary, shall be scheduled at a time mutually agreed upon by the principal and staff. The Association recognizes the responsibilities of its members to be active participants in the public relations program of the school and the school district.
 2. Building meetings shall be scheduled at a time mutually agreed upon by staff and principal. The time established for building meetings can be utilized for meetings of the staff for up to sixty (60) minutes immediately before or after the pupils' regular school day. When called, such meetings shall be attended by personnel involved. In meetings of the staff, the use of time for announcements of administrative detail will be minimized.
- K.
 1. Teachers will attend and supervise functions which take place during the school day, e.g., school assembly programs. Teachers whose planning period falls during such a program shall use discretion in determining where their responsibility lies.
 2. In the case of a conflict between an assembly and an elementary music, art or physical education period, the elementary music, art, or physical education teacher will pursue one of the following courses after conferring with the teacher affected:
 - a. Hold class as regularly scheduled (with the mutual assent of the building principal).
 - b. Request that the classroom teacher assume responsibility for the students during the assembly and hold a make-up class for the students during the music, art, or physical education teacher's planning period.
 - c. Assume responsibility for the students during the assembly program.
The foregoing applies only insofar as the elementary music, art, or physical education teacher does not have an active part in the assembly program.
- L. Permanent changes in the regular daily schedule in any building will not be made without prior consultation with the staff involved. Permanent is defined as anything longer than two (2) days.
- M. When music, art, and physical education teachers are not available in sufficient number to staff all buildings equitably, the school schedule will be adjusted to equate classroom time for teachers, and any difference in time between elementary buildings will be assigned as planning time for teachers.

- N. It is recognized by both the Association and the Board of Education that the successful operation of schools and the welfare of the students will at times require responsibilities which extend beyond the standard teaching duties. Teachers will, therefore, rightfully be expected to assume these responsibilities when such emergencies exist. If the emergency is recurring in nature, it becomes an administrative problem.
- O. In the event school is closed "because of conditions not within the control of school authorities, such as severe storms, fires, epidemics of health conditions as defined by city, county, or state health authorities (PA 239)," those days that may not lawfully be counted to arrive at the annual instructional days required by law will be rescheduled prior to June 30 of the current school year. These days will be added at the end of the school year. Other dates may be selected by mutual agreement.

3.2 Teaching Loads and Assignments

- A. The Board and the Association are committed to quality education for all students in the Center Line Public Schools. One of the major variables that contributes, positively or negatively, to the quality of instruction is the number of students a teacher is responsible for in the classroom. The grouping of students in class size units is dependent upon many factors. The level of instruction, the nature of the instructional program, the type of students, the type of class, the availability of materials and facilities, instructional methods, the number of students at any given grade level, the interest and ability of the teacher(s), and budget limits are some of the factors that contribute to class size determinations.
- B. The Board and the Administration will, to the extent possible in making staffing determinations, utilize the following guidelines for classes:
 - 1. It is desirable to have prorated class sizes range between twenty-four (24) and twenty-eight (28) students at the elementary school level. (Less than full-time students will be prorated at 1/6 per hour).
 - 2. It is desirable to have lower elementary classes smaller in size than upper elementary classes.
 - 3. It is desirable to have average class sizes range between twenty-five (25) and twenty-nine (29) at the middle school and senior high levels.
 - 4. Traditionally large classes, including but not limited to instrumental music, physical education, vocal music, and drama, will be excluded from the above guidelines.
- C. Prior to the fourth Friday of each school year, the Association will review all class sizes K-12. The Association will notify the Administration of any area that it feels may not meet the guidelines and hasn't been dealt with to date. The Administration will provide to the Association all information necessary for such review.
 - 1. In all instances where prorated elementary class size and average secondary and middle school class size exceed the above contractual guidelines, the teacher and principal will first explore possible adjustments that would bring class size into conformity with the guidelines. Efforts to be considered would include, but not be limited to, the following:
 - a. Balance classes
 - b. Reassign students
 - c. Hire additional staff
 - d. Adjust teacher schedules
 - e. Establish a new section or class
 - f. Establish split sections
 - 2. If the above adjustments are not practicable, relief may include:

- a. Teacher aide time
 - b. Additional funds for teaching materials and supplies
 - c. Team teaching
 - d. Assistance of student aides
 - e. Other possible relief mutually deemed desirable
- 3. If consensus cannot be reached on the form of relief, the principal will make the final decision but will include one or more of the above.
- D. Teaching loads at the secondary level will conform to North Central Association standards except in cases of emergency.
- E. Two days per year will be allotted to special education classroom teachers to meet with regular education classroom teachers for the sole purpose of informing the general education teachers of student information and recommendations for the educational plans of mainstreamed students.
- F. Since pupils are entitled to be taught by teachers who are working within their areas of competence, it shall be the policy of the school to assign teachers to fields of instruction within the scope of their certification and/or training except temporarily in emergencies where such teachers are not available or when extreme financial limitations necessitate reassignment of staff.
- G. Teachers will be given written notification of their assignments for the forthcoming year as early as possible. If the notification occurs after June 30, the teacher will be granted a ten-day period to resign if the assignment is non-acceptable. Elementary teachers will be notified only if there is a change in grade assignment.
- H. The Association shall be notified of any district application for a waiver from the Department of Education Special Education Rules and Regulations. The Association shall also be notified of any Intermediate School District waiver from the Department of Education Rules and Regulations which affects the Center Line Public Schools.

3.3 Conditions Related to Teaching

- A. In the building and remodeling of schools, the Board will provide for adequate lunchroom and lavatory facilities exclusively for teachers' use and at least one room appropriately furnished and ventilated which shall be reserved for use as a faculty lounge. Existing facilities will be continually evaluated and improvements made which both parties feel are necessary and reasonable. The building administrator will provide space for Special Services personnel that meets the need of the service being performed.
- B. Adequate, off-street, paved, properly maintained parking facilities will be provided. A posted parking area will be provided at the high school.
- C. Requisition forms will contain one copy to be returned to the originator upon approval by the Business Office. Invoiced costs will be provided to the department or building when determined by the Business Office.

Coaches who would receive a reduction in their 1977-78 coaching pay on the above schedule would continue to be paid as provided in the 1976-77 Master Agreement. This provision shall pertain as long as any coach continues to coach the same sport he/she coached during the 1977-78 school year.

The categories are defined as follows:

- A - 8 - 9 weeks
- B - 10 - 11 weeks
- C - 12 - 13 weeks
- D - 14 - 15 weeks
- E - 16 - 17 weeks +

To determine the applicable category, determine the weeks from the first OFFICIAL contest to the date of the FINAL contest. To this, add four (4) additional practice weeks. If one runs official practices during summer weeks, the individual will be given double credit for those weeks (e.g., three weeks of practice equals six (6) weeks credit.) The decision of the examining physician regarding the teacher's fitness to return shall be final and binding.
3. Return must be within five (5) years of the date of termination.
4. The teacher must notify the Board of his/her intent to return for the following school year by June 1 of the current school year.

Teachers requesting return from LTD will be placed by seniority as vacancies are available in accordance with the placement and recall provisions of the Master Agreement.
6. Remaining sick days will be restored.

The above conditions will apply one (1) time only to each employee on Long Term Disability.
