MBDP PROGRAM AND ITS GUIDELINES

On December 21, 2011, the MSF Board approved the Michigan Business Development Program ("MBDP") and its guidelines. The primary intended objective of the MBDP is to provide incentives to businesses that create qualified jobs, make qualified investments, or a combination of both, in Michigan.

SOURCE OF INFORMATION

It is the role of the Development Finance staff ("MEDC Staff") to review for eligibility, completeness, and adherence to MBDP guidelines, the information provided by the applicant and to manage the MSF's investment. Explanatory and background information is supplied in summary form to provide context for the request and is drawn exclusively from materials submitted by the applicant, and, as applicable, from other relevant third party sources utilized by MEDC staff.

HISTORY OF THE APPLICANT

Since early 2001 Bleistahl Ltd. the parent company of Bleistahl North America LP has formed a strong partnership supporting Ford, General Motors and Chrysler with wear resistant valve seat insert rings for their new engine developments. Bleistahl Ltd. was incorporated in 2001 to spearhead sales of valve train components to the automotive industry in the North American market. Bleistahl Ltd. achieved an increase in sales from approximately 20 million valve seats in 2009 to over 70 million pieces in 2012, triggering the decision to localize manufacturing from Europe to North America.

The Applicant has not received any incentives from the MSF previously.

PROJECT DESCRIPTION

The Applicant plans to centralize its production in North America to help reach its customers by opening a new manufacturing facility in the City of Battle Creek (190 Clark Rd. Battle Creek, Michigan). The Company plans on creating 58 jobs and investing \$11.5 million. This new facility will manufacture engine components particularly valve seat insert rings within the automobile's engine.

- a) The Applicant is a "Qualified Business", as defined in MCL 125.2088r(9)(b), that will locate and operate in Michigan.
- b) The project will be located in the City of Battle Creek. The City of Battle Creek has offered a "staff, financial, or economic commitment to the project" in the form of property tax abatement under Public Act 198 of 1974 for a period of 12 years. The estimated value of the PA 198 is \$532,000.
- c) The Applicant has demonstrated a need for the funding based on economic development groups in Indiana, Illinois, and Ohio offering substantial incentives in an attempt to win their business. The project has high upfront cost due to a large investment in people and machines during the first year of the project. These high expenses during the first year with close to no revenue coming in create a financial burden for the parent company.
- d) The Applicant plans to create 58 Qualified New Jobs above a statewide base employment level of 2.
- e) Pursuant to the program guidelines, the following was taken into consideration for the proposed project; it involves out-of-state competition from Indiana, Illinois, and Ohio. The proposed project also will be reusing an existing facility in Battle Creek. The project has strong links to Michigan suppliers and is expected to begin in 2013.

INCENTIVE OPPORTUNITY

This project involves the creation of 58 Qualified New Jobs and a capital investment of up to \$11,500,000 in the City of Battle Creek. The requested incentive amount from the MSF is \$475,000 in the form of a performance-based grant. Please see below for more information on the recommended action.

RECOMMENDATIONS

MEDC Staff recommends (the following, collectively, "Recommendation"):

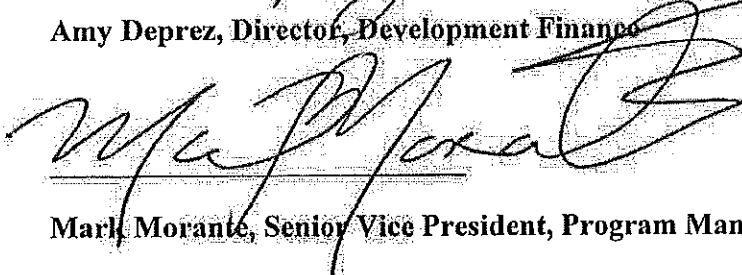

- a) Approval of the MBDP Proposal as outlined in the attached term sheet (collectively, "MBDP Proposal");
- b) Closing the MBDP Proposal, subject to available funding under the MBDP at the time of closing ("Available Funding"), satisfactory completion of due diligence, (collectively, "Due Diligence"), finalization of all MBDP transaction documents, and further subject to the following terms and conditions:
 - a. Commitment will remain valid for 120 days with approval for MSF Fund Manager to extend the commitment an additional 60 days;
 - b. MSF Fund Manager can negotiate final milestone performance terms from that contained in the Term Sheet, and additional and other terms so long as the

additional and other terms are not otherwise materially adverse to the MSF, to accommodate final signing of the Transaction Documents.
