COMPANY NAME AND ADDRESS:

Johnson Controls Technology Company, Inc.
49200 Halyard Drive
Plymouth, Michigan 48170

HISTORY OF COMPANY:

Johnson Controls Technology Company, Inc. is a subsidiary of Hoover Universal, Inc., which in turn is a wholly owned company of Johnson Controls, Inc. of Milwaukee, Wisconsin. The company – which was founded in 1885 – achieved worldwide sales of \$17.2 billion in fiscal year 2000.

Johnson Controls is a world-class, first tier automotive supplier that produces a wide array of vehicle interior products, including seat systems and components, instrument panels, cockpits, overhead systems and components, floor consoles and storage systems, door panels and systems, electronics, cargo management and battery and power management.

Johnson Controls Technology Company, Inc. will combine the technical center and world headquarters for the company's Automotive Systems Group. This entity would retain 1,492 current employees.

PROJECT DESCRIPTION:

Johnson Controls Technology is proposing to construct a technical center campus to house existing design, engineering and development functions as well as up to 1,200 additional technical jobs. Total capital investment is estimated at more than \$168 million. Average weekly wages of the
