### Overview of the Constitutional Convention Process

Provisions generally began as Committee Proposals and were then brought to the convention floor for first reading. The majority of debate on the substance of provisions occurred during the first and second readings. There were two third readings; the first on an article-by-article basis and the second reviewing the Constitution as a whole. Following the third readings the entire Constitution was voted on by the delegates. The delegates then created the Notice of Address to the People, summarizing the Constitution on a provision-by-provision basis, which was distributed so that the people could be informed when making their ratification votes.

The convention used ALL CAPS to denote added material and [brackets] to denote removed material.

**Committee Proposal 85**, A proposal to provide that public utilities may use public property with consent of local authorities and a limitation on the length of franchise. Amends article VIII, sections 28 and 29; with the recommendation that it pass.

**PRESIDENT NISBET** (continuing): Reports of select committees.

**SECRETARY CHASE**: None.

**PRESIDENT NISBET**: **Communications from state officers.**

**SECRETARY CHASE**: Office of the Governor, Lansing.

January 31, 1962.

The Honorable Stephen S. Nisbet, President  
Michigan Constitutional Convention  
Constitution Hall  
Civic Center  
Lansing, Michigan

Dear Mr. President:

Transmitted to you with this letter is my Message to the Fifth Michigan Constitutional Convention on the subject of Property Tax Assessments.

Sincerely yours,  
John B. Swainson,  
governor.

**PRESIDENT NISBET**: Without objection, it will be printed in the journal. Hearing none, it is so ordered.

*Following is the message:*

Ladies and gentlemen of the constitutional convention:

I am in receipt of a report and recommendation from a study committee of my special commission on industrial development legislation concerning nonuniformity of property taxation in the state of Michigan. The findings and recommendation of the committee were endorsed by the commission and are matters which should be called to your attention and considered in your deliberations on the subject of property taxes.

It was the unanimous finding of the committee that an unhealthy lack of uniformity in property taxation exists in Michigan and the primary basis for this condition is the wide variation of assessments. There are no professional qualifications for assessing officers and standards for the performance of their duties are practically nonexistent.

This situation has an impact on the economic development of Michigan because it is impossible under these conditions to assure an industry seeking to settle in this state that it will be treated equitably in the matter of property taxes. The training, technique, and skill of the assessor are so varied in this state that in some instances it has been a deterrent to new industry.

Dr. Harvey E. Brazer, of the University of Michigan, an eminent authority in this field, has stated that a study of a typical Michigan county revealed that some properties were assessed at less than 2 per cent of market value, and others were assessed as high as 175 per cent of their sales price. In one of our large metropolitan counties we have witnessed the practice of assessing inventories at 80 per cent of book value, machinery and equipment at 100 per cent of depreciated value, and real property assessed at 50 per cent of current value. These examples graphically demonstrate the discriminatory practices we encounter in real and personal property taxation in Michigan.

The recommendation of the study committee which was adopted by the commission states:

The constitutional convention should direct the state tax commission to make all assessments of real and personal property which values should be used by local units of government.

I am convinced that unless some such plan as the foregoing is prescribed by the convention or made a requirement

of legislation in this area, uniformity of assessment and taxation in this state will not be assured.

In the event the convention desires the testimony and counsel of the study committee members, I am sure these gentlemen would respond without hesitation.

Members of the committee are Edwin O. George, vice president, Detroit Edison company, who was chairman; W. D. McDonnell, president, Great Lakes Steel corporation; H. A. Sanders, vice president and general manager, Grand Trunk western railroad; Albert Bush, executive vice president, Hackley Union National Bank and Trust company; and Arnold M. Lumbers, Victory Machine company, Inc.

**PRESIDENT NISBET**: **General orders of the day.** The Chair recognizes Mr. Martin.

**MR. MARTIN**: Mr. President, I move that the convention resolve itself into committee of the whole for consideration of items on the general orders calendar.

**PRESIDENT NISBET**: The question is on the motion of Mr. Martin. All those in favor, say aye. Opposed, no.

The motion prevails. Mr. Martin, will you please take the Chair.

[Whereupon, Mr. Martin assumed the Chair to preside as chairman of the committee of the whole.]

**CHAIRMAN MARTIN**: The committee will be in order and the secretary will read.

**SECRETARY CHASE**: The calendar you have on your desk is for last Monday. There has not been the opportunity to prepare a new one. The first 5 items on the calendar have been considered and reported and referred to the committee on style and drafting; and item 7 has likewise been so treated. The next item for consideration today, from the committee on declaration of rights, suffrage and elections, by Mr. Pollock, chairman, **Committee Proposal 26**, A proposal for a section in the declaration of rights incorporating in the declaration of rights an "equal protection" clause and a guarantee against discrimination in civil and political rights because of race, religion, sex or national origin.

*Following is Committee Proposal 26 as read by the secretary, and the reasons submitted in support thereof:*

The committee recommends that the following be included in the constitution:

NO PERSON SHALL BE DENIED THE EQUAL PROTECTION OF THE LAWS; NOR SHALL ANY PERSON BE DENIED THE ENJOYMENT OF HIS CIVIL OR POLITICAL RIGHTS OR BE DISCRIMINATED AGAINST IN THE EXERCISE THEREOF BECAUSE OF RACE, RELIGION, SEX OR NATIONAL ORIGIN. THE LEGISLATURE SHALL IMPLEMENT THIS SECTION BY APPROPRIATE LEGISLATION.

Mr. Pollock, chairman of the committee on declaration of rights, suffrage and elections, submits the following reasons in support of Committee Proposal 26:

This proposal has the unanimous support of all members of the committee on declaration of rights, suffrage and elections. Five members of the committee, as will be seen from the accompanying minority "preference report", would have preferred to report out the text of Delegate Proposal

Explanation—Matter within [ ] is stricken, matter in capitals is new.

Secondly, the legislature attempts to grant to townships certain powers or facilities to do a job by adding the word "township" to the planning act or other acts, and then you run into 2 entirely different constructions from then on. The legislature intends to give them the same general broad powers as the cities and villages have, but when you draft a statute pursuant thereto or attempt to enforce it, after you have got the ordinance enacted, you run into 2 different constructions as you proceed through the courts.

Any person who has spent any time as an attorney for a township or on a township board as a layman recognizes that any ordinance is completely open to the technical argument that there is no specific power, almost to the point of a comma being in the correct place or the "t" being crossed. To put this straitjacket and handicap on township government is to allow the cities to be surrounded by slums and catastrophes which they, I am sure, do not want.

All that this implies is that the same rules of construction apply to township ordinances as apply to city ordinances, and certainly we have had no fiasco with this rule of construction being applied to city ordinances. The bogeyman is not there that some of these men would worry about, and I ask that you, in all fairness to township people, to county people, give them the same rules, the same privileges when they enact an ordinance in the field of public welfare, that you now have in cities and villages. I urge you to defeat the Hatch amendment and adopt the committee proposal.

CHAIRMAN DeVRIES: The question before the committee of the whole is the Hatch amendment to Committee Proposal 84, which the secretary will read.

SECRETARY CHASE: The amendment is:

[The amendment was again read by the secretary. For text, see above, page 1054.]

CHAIRMAN DeVRIES: As many as are in favor—The secretary has just read the amendment. Do you want it read again, Mr. Ford? Are you requesting a division vote? Are you satisfied now? The chairman of the committee, Delegate Elliott.

MR. A. G. ELLIOTT: I would like to urge the defeat of this amendment.

CHAIRMAN DeVRIES: The question is on the Hatch amendment to Committee Proposal 84. As many as are in favor of the amendment say aye. As many as are opposed, say no.

The amendment is not adopted. Are there any further amendments to the body of Committee Proposal 84?

SECRETARY CHASE: None, Mr. Chairman.

CHAIRMAN DeVRIES: If not, it will pass.

Committee Proposal 84 is passed. The secretary will read.

SECRETARY CHASE: Item 3 on the calendar, from the committee on local government, by Mr. Arthur Elliott, chairman, Committee Proposal 85, A proposal to provide that public utilities may use public property with consent of local authorities and a limitation on the length of franchise. Amends article VIII, sections 28 and 29.

*Following is Committee Proposal 85 as read by the secretary, and the reasons submitted in support thereof:*

The committee recommends that the following be included in the constitution:

Sec. a. No person, partnership, association or corporation operating a public utility shall have the right to the use of the highways, streets, alleys or other public places of any COUNTY, city, village or township for wires, poles, pipes, tracks or conduits, OR OTHER UTILITY FACILITIES without the consent of the duly constituted [authorities] AUTHORITY of [such] THE COUNTY, city, village or township; [nor] OR to transact a local business therein without first obtaining a franchise [therefor] from [such] THE city, village or township. The right of all COUNTIES, cities, villages and townships to the reasonable control of their HIGHWAYS, streets, alleys and public

places is hereby reserved to SAID [such] LOCAL UNITS OF GOVERNMENT. [cities, villages and townships.]

Sec. b. No franchise or license shall be granted by any municipality of this state for a longer period than 30 years.

Mr. Arthur Elliott, chairman of the committee on local government, submits the following reasons in support of Committee Proposal 85:

Sec. a. The committee recommends the insertion of county to the list of local governments which exercise control of public utilities occupying the right of ways of highways, streets, alleys and other public places.

In the 1908 constitution, permission was given counties to establish county road commissions. Previous to this time, all roads were under the jurisdiction of cities, villages and townships. The enabling legislation which established the county road system was act 283 of 1909, and all the counties adopted county road systems by the middle of the 1920s.

Act 130 of public acts of 1931 required that all roads in unincorporated areas be included in the county road system and be under the county's jurisdiction. This authority was continued by act 51 of 1951, as amended.

Since the county road commission has jurisdiction over all the roads outside of the incorporated areas within the county, they should exercise the right of granting permission as to the location of public utilities within the highway or road right of way.

The additional language concerning "other utility facilities" has been added to allow for the possibility of future technological changes in the utilities field. The committee here and elsewhere has been aware of the desirability of writing a constitution that can easily accommodate to the problems of future years.

The committee further recommends and emphasizes that the power of granting franchises for servicing an area be retained by the governing authority, which would be either the city, village or townships.

Sec. b. After considering several alternatives carefully, the committee has concluded that this section should remain unchanged.

Consideration was given to making some changes in order to allow the franchise to continue on a limited perpetuating basis. The need of the private utility to seek renewal of its franchise often seems to be an unnecessary formality and expense and also a disadvantage in the securing of capital. The committee did not find an alternative that would be fair and satisfactory to both the utilities and taxpayers.

It was felt that a franchise time limit of 30 years or approximately 1 generation is fair and has proved to be workable. It was also felt by the committee that the responsibility for and cost of securing a new franchise should be placed with the private utility and not with the electors.

CHAIRMAN DeVRIES: The Chair recognizes the gentleman from Pleasant Ridge, Delegate Elliott.

MR. A. G. ELLIOTT: Mr. Chairman, the last proposal we had before us was purely legal, and as I listened I realized it was only those legal experts that were discussing the point. Now I would like to bring to your attention something that will allow the other 87 experts of the convention to get their teeth back into the subject, because now we are going back into the more purely local government portion of our proposals, and I would like to at this time yield to Mr. Sleder for the discussion of this proposal.

CHAIRMAN DeVRIES: Delegate Elliott yields to the gentleman from Traverse City, Delegate Sleder.

MR. SLEDER: Mr. Chairman, in article VIII of the old constitution, section 28, we inserted the term "counties" in several areas.

*Explanation—Matter within [ ] is stricken, matter in capitals is new.*

[The supporting reasons to section a were read by Mr. Sleder. For text, see above, page 1055.]

CHAIRMAN DeVRIES: Are there any amendments to section a of Committee Proposal 85?

SECRETARY CHASE: Messrs. G. E. Brown and Ford offer the following amendment to Committee Proposal 85:

1. Amend page 1, line 7, after "corporation" by inserting a comma and "public or private,"; so the language will read, "No person, partnership, association or corporation, public or private, operating a public utility shall have the right to the use of the highways . . ." and so forth.

CHAIRMAN DeVRIES: The Chair recognizes the gentleman from Schoolcraft, Delegate Brown.

MR. G. E. BROWN: Mr. Chairman, members of the committee, this is a rather insignificant addition to the language, and I think that probably there is no need for debate on it, but I think it would be better to put this in for clarification purposes, though, that it applies to any public utility.

CHAIRMAN DeVRIES: The question is on the amendment offered by Delegates Brown and Ford to section a. Delegate Sleder.

MR. SLEDER: The committee, relative to the amendment, sees no objection to it. It goes further into detail.

CHAIRMAN DeVRIES: The secretary will read the amendment.

SECRETARY CHASE: The amendment is:

[The amendment was again read by the secretary. For text, see above.]

CHAIRMAN DeVRIES: The question is on the adoption of the amendment. Mr. Sleder.

MR. SLEDER: By "corporation," I don't know. I am not a legal attorney or anything. To me they are either public or private. I don't know.

CHAIRMAN DeVRIES: Delegate Elliott.

MR. A. G. ELLIOTT: Mr. Chairman, this looks to me like it is merely an attempt to clarify. This was the intent of the committee, that no corporation, whether public or private, should have the right without the further provision. So I would see no objection to the amendment.

CHAIRMAN DeVRIES: The question is on the amendment offered by Delegates Brown and Ford. The Chair recognizes the gentleman from Grand Rapids, Delegate Tubbs.

MR. TUBBS: May I ask the mover of this amendment a question, sir?

CHAIRMAN DeVRIES: You may if the gentleman cares to answer.

MR. TUBBS: Would this apply to the municipality's own streets?

CHAIRMAN DeVRIES: Delegate Brown.

MR. G. E. BROWN: Well, of course, Mr. Chairman, Mr. Tubbs, this doesn't appear to be a problem in such a situation due to the fact that the same municipality would have the right of consent. I think this is a little bit like a petitioner signing his own petition. He consents to the granting of that petition, I am sure.

CHAIRMAN DeVRIES: The question is on the adoption of the amendment. As many as are in favor will say aye. Opposed, no.

The amendment is adopted. Are there any further amendments to section a of Committee Proposal 85? If not, it will pass.

Section a, as amended, is passed. The secretary will read section b.

SECRETARY CHASE: Section b.

[Section b was read by the secretary. For text, see above, page 1055.]

CHAIRMAN DeVRIES: The Chair recognizes the gentleman from Traverse City, Delegate Sleder.

MR. SLEDER: I should like to yield to Delegate Madar, a member of the subcommittee on public utilities.

CHAIRMAN DeVRIES: Delegate Sleder yields to Delegate Madar.

MR. MADAR: Mr. Chairman, fellow delegates, this is in Journal 70, on page 441, if you want to follow it:

[The supporting reasons to section b were read by Mr. Madar. For text, see above, page 1055.]

I move the proposal be adopted.

CHAIRMAN DeVRIES: Are there any amendments to Committee Proposal 85, section b? If not, the section will pass.

Section b is passed. Are there any amendments to the body of Committee Proposal 85?

SECRETARY CHASE: Mr. Mahinske offers the following amendment:

1. Amend page 1, following line 20, by inserting

"Sec. c. Any county, through its legislative body, shall have the authority to enter, or to intervene in any suit or certificate proceeding involving the service, charge or rate made by any public utility furnishing services or commodities to rate payers within the county."

CHAIRMAN DeVRIES: The Chair recognizes the gentleman from Detroit, Delegate Mahinske.

MR. MAHINSKE: Mr. Chairman, this amendment is offered here in this section dealing basically with public utilities and basically with provisions dealing with cities and counties. This amendment would permit the counties, as a county unit, to enter into public utilities suits in the county where they are not users. Currently the counties are limited before the public service commission of the state to appear only as users in the various proceedings there. They are permitted to appear not necessarily as users but as a representative body in front of the federal power commission, which means that in the state the county has no standing other than as a user, but in the federal system the county does have a standing as a political unit.

Now, the counties that I have had contact with here would like to have this provision written into the constitution to bring the procedures both on the federal and the local level into uniform procedure here. The reason why this comes up now is that in 1955 there was a Michigan supreme court case that ruled that the counties as such, other than as a user, did not have standing in these procedures in front of the public service commission, and their argument was based on the fact that as you go back through the articles on local government, or the sections on local government in the constitution, by enumeration the supreme court felt that the counties were excluded from having this standing.

Now, we have just gone through a long argument here of Mr. Ford on Committee Proposal 84 that would call for a liberal construction of this present constitution. Now, this may have cured the situation that we have now in the old constitution, but we don't have it there, and under the strict constitutional construction procedure the supreme court has said that the county does not have standing, although the federal supreme court, the federal court of appeals, will listen to the counties in these areas. Now, I have some further facts, but if there are any questions I would attempt to answer them.

CHAIRMAN DeVRIES: Delegate Mahinske yields to the gentleman from Fennville, Vice President Hutchinson.

MR. HUTCHINSON: Mr. Chairman, I think maybe by the time the whole explanation was made he had answered my question. I understood him to say the Supreme Court of Michigan had relied upon the constitutional provision to say that counties could not appear as such unless they were users before the public service commission. He also points out that we have just previously passed a proposal which probably will cure the matter.

I am a little bit distressed in my own mind to have it pointed out—to realize that the Supreme Court of Michigan would deny to the legislature, apparently, the power to empower a municipal corporation to appear other than as a user before the public service commission. It seems to me that all the legislature would have to do, since the legislature created the commission, defines its powers and duties and

whatnot—certainly the legislature could define who would be a proper party before that commission. I am surprised that the supreme court found something in the constitution to prohibit it.

CHAIRMAN DeVRIES: Delegate Mahinske.

MR. MAHINSKE: In reply to Delegate Hutchinson's remarks, I would only add that in this case—I could give him the citation here—the supreme court went down all the way through sections 16, 17, 19, 23, 25, 28 of article VIII, and pointed out that villages and cities were specified in these various sections, and based the decision of their court on the fact that counties were not mentioned as such, and I think that the case went further to say that the legislature could not act in this area, that they practically had been precluded from acting because of the enumeration of certain forms of government here, and a specific absence of the counties as such ever being referred to except as users.

CHAIRMAN DeVRIES: Will the gentleman yield to the chairman of the committee, Delegate Elliott?

MR. MAHINSKE: Yes.

MR. A. G. ELLIOTT: Mr. Chairman, Mr. Mahinske, this is entirely new language now being suggested as an inclusion in the committee proposal from local government. I am not sure that we have any objections; I am not sure we don't have any objections. Of course, you can't have a meeting on the floor of 27 members. What I would suggest be done—I don't see on the surface any particular objection, but I do think that on something that is entirely new, that the committee should accept the responsibility and have the responsibility of at least some unified discussion, and I would suggest that this particular amendment be laid over until that opportunity is given us.

CHAIRMAN DeVRIES: Delegate Elliott, what is your motion?

MR. A. G. ELLIOTT: Not being a parliamentarian, I don't know just exactly what motion I need to do that, but if somebody will be kind enough to give me the language, that is what I would like to do.

CHAIRMAN DeVRIES: You move that Committee Proposal 85 be passed for today?

MR. FORD: Point of order.

CHAIRMAN DeVRIES: State your point of order, Delegate Ford.

MR. FORD: Maybe it is a parliamentary inquiry. I am sorry. Would it be in order to move to refer this to our committee? I think there is another matter, Mr. Elliott, we discussed; that perhaps we could discuss this annexation thing, because we are going to meet the same problem when we get to that.

CHAIRMAN DeVRIES: Delegate Ford, we have reached the deadline for reporting out proposals from committee. If we rerefer the committee proposal to the committee on local government, there is a question whether we can report it out again.

MR. A. G. ELLIOTT: How can we get a chance to—well, can we pass over this to a time certain if I so move?

CHAIRMAN DeVRIES: Yes, sir.

MR. A. G. ELLIOTT: I will move that we pass over this until 2:00 o'clock tomorrow afternoon.

CHAIRMAN DeVRIES: Delegate Elliott moves that Committee Proposal 85 be passed over until 2:00 o'clock tomorrow.

MR. MAHINSKE: I have no objection to this.

CHAIRMAN DeVRIES: All those in favor say aye. Opposed, no.

The motion prevails.

The secretary will read Committee Proposal 86.

SECRETARY CHASE: From the committee on local government, by Mr. Arthur Elliott, chairman, **Committee Proposal 86**, A proposal pertaining to highways and their maintenance. Amends article VIII, sections 26 and 27.

*Following is Committee Proposal 86 as read by the secretary, and the reasons submitted in support thereof:*

The committee recommends that the following be included in the constitution:

Sec. a. The legislature may by general law provide for the laying out, construction, improvement and maintenance of highways, bridges, and culverts by the state and by the counties and townships thereof; [and by road districts;] and may authorize counties [or districts] to take charge and control of any highway within their limits for such purposes. The legislature may also by general law prescribe the powers and duties of boards of supervisors in relation to highways, bridges, and culverts; may provide for county [and district] road commissioners to be appointed or elected, with such powers and duties as may be prescribed by law; and may change and abolish the powers and duties of township commissioners and overseers of highways. The legislature may provide by law for submitting the question of adopting the county road system to the electors of the counties, and such road system shall not go into operation in any county until approved by a majority of the electors thereof voting thereon.] The tax raised for road purposes by counties shall not exceed in any 1 year \$5.00 upon each \$1,000 of assessed valuation for the preceding year.

Sec. b. The legislature shall not vacate nor alter any road, STREET, ALLEY, OR PUBLIC GROUND laid out by [commissioners of highways, or any street, alley or public ground in] any COUNTY, TOWNSHIP, city or village or in any recorded [town] plat.

Mr. Arthur Elliott, chairman of the committee on local government, submits the following reasons in support of Committee Proposal 86:

Sec. a. This is section 26 of the present constitution adjusted to the present highway system. Road districts, as separate identities, are no longer needed. County road systems have been adopted in all counties. Therefore, the words and sentences referring to these matters have been deleted.

Reference to township commissioners is deleted to conform with the recommendations of the committee, as section 18, article VIII of the present constitution, the office of overseer of highways, is obsolete with the elimination of the road district system.

Sec. b. This section has been changed in order to delete reference to the commissioners of highways to make the section conform to the recommendations of the committee concerning section 18, article VIII of the present constitution. The reference to counties and townships is added to that of cities and villages so as to provide complete local control over public ways and public grounds.

CHAIRMAN DeVRIES: The Chair recognizes the chairman of the committee, Delegate Elliott.

MR. A. G. ELLIOTT: Mr. Chairman, ladies and gentlemen of the committee, before yielding to the gentleman of our committee who will handle this, I would like to pay a special compliment to him as I did to our other vice chairman when he had an opportunity to present certain proposals to the floor. Mr. Figy has been extremely valuable to me as chairman, in serving in his capacity as vice chairman of this local government committee. Both he and Mr. Buback have been extremely loyal and as anxious as I to present to you as complete and accurate a picture of our proceedings as possible. And I would like at this time to yield to one of the vice chairmen of the committee on local government, Mr. Figy.

CHAIRMAN DeVRIES: Delegate Elliott yields to the gentleman from Morenci, Mr. Figy, for the committee explanation.

MR. FIGY: Mr. Chairman and fellow delegates, and first I want to thank the chairman of our committee, and notify him

Explanation—Matter within [ ] is stricken, matter in capitals is new.

Mr. Boothby. All those in favor will say aye. Those opposed will say no.

The amendment is not adopted.

SECRETARY CHASE: There are no other amendments pending to the proposal, Mr. President.

VICE PRESIDENT HUTCHINSON: **Committee Proposal 88**, as amended, is referred to the committee on style and drafting.

*Following is Committee Proposal 88 as amended and referred to the committee on style and drafting:*

The committee recommends that the following be included in the constitution:

Sec. a. The legislature shall have power to establish in metropolitan areas such additional forms of government or authorities with such powers, duties and jurisdictions as the legislature shall deem necessary.

Wherever possible, said additional forms of government or authorities shall be designed to perform multipurpose functions rather than a single function.

Sec. b. The legislature shall provide by general law for the exercise of local government by 2 or more counties, cities, villages, townships or districts, or any combination of 2 or more of such units of local government; which general law shall authorize such units of local government among other things:

(1) To enter into contractual undertakings or agreements with one another or with the state or with any combination thereof for the joint administration of any of the functions or powers which each local unit of government would have the power to perform separately;

(2) To share the costs and responsibilities of functions and services with one another or with the state or with any combination thereof which each local unit of government would have the power to perform separately;

(3) To transfer to each local unit of government or combination thereof functions and responsibilities or both upon the consent of each unit of government involved;

(4) Jointly to cooperate with one another and with state government and intergovernmental agencies;

(5) To lend their credit in a manner prescribed by law in connection with any publicly owned undertaking authorized herein.

Any other provision of this constitution notwithstanding, an officer or employee of any of said units of government or subdivision or agency thereof may serve on or with any governmental body established for the above purposes and shall not be required to relinquish his office or employment by reason of such service.

SECRETARY CHASE: Also, as part of the report of the committee of the whole, Mr. President, under unfinished business, the committee of the whole reports back to the convention **Committee Proposal 85**, A proposal to provide that public utilities may use public property with consent of local authorities and a limitation on the length of franchise. The committee of the whole reports the proposal with 2 amendments, recommending the amendments be agreed to and that the proposal, as thus amended, do pass.

Following are the amendments recommended by the committee of the whole:

1. Amend page 1, line 7, after "corporation" by inserting a comma and "public or private."

2. Amend page 1, following line 20, by inserting a new section to read as follows:

"Sec. c. Any county, through its legislative body, shall have the authority to enter, or to intervene in any suit or certificate proceeding involving the service, charge or rate made by any privately owned public utility furnishing services or commodities to rate payers within the county."

VICE PRESIDENT HUTCHINSON: The question is upon concurring in the amendments recommended by the committee of the whole. All those in favor will say aye. Those opposed will say no.

The amendments are adopted.

**Committee Proposal 85**, as amended, is referred to the committee on style and drafting.

*Following is Committee Proposal 85 as amended and referred to the committee on style and drafting:*

The committee recommends that the following be included in the constitution:

Sec. a. No person, partnership, association or corporation, public or private, operating a public utility shall have the right to the use of the highways, streets, alleys or other public places of any county, city, village or township for wires, poles, pipes, tracks or conduits, or other utility facilities, without the consent of the duly constituted authority of the county, city, village or township; or to transact a local business therein without first obtaining a franchise from the city, village or township. The right of all counties, cities, villages and townships to the reasonable control of their highways, streets, alleys and public places is hereby reserved to said local units of government.

Sec. b. No franchise or license shall be granted by any municipality of this state for a longer period than 30 years.

Sec. c. Any county, through its legislative body, shall have the authority to enter, or to intervene in any suit or certificate proceeding involving the service, charge or rate made by any privately owned public utility furnishing services or commodities to rate payers within the county.

SECRETARY CHASE: The committee of the whole, Mr. President, also had under consideration **Committee Proposal 89**, had considered several amendments thereto, and had come to no final resolution thereon. This completes the report of the committee of the whole, Mr. President.

VICE PRESIDENT HUTCHINSON: Special orders of the day.

SECRETARY CHASE: None.

VICE PRESIDENT HUTCHINSON: **General orders of the day.** The Chair recognizes the delegate from Kent, Mr. DeVries.

MR. DEVRIES: Mr. President, I move that the convention resolve itself into committee of the whole for consideration of several items upon the order of general orders.

VICE PRESIDENT HUTCHINSON: The question is upon the motion. All those in favor will say aye. Those opposed, no.

The ayes have it, and the motion prevails. Mr. DeVries will preside.

[Whereupon, Mr. DeVries assumed the Chair to preside as chairman of the committee of the whole.]

CHAIRMAN DEVRIES: The committee will come to order. When last the committee met, it was considering **Committee Proposal 89**, A proposal pertaining to county home rule; and had completed consideration of section a.

*For last previous action by the committee of the whole on Committee Proposal 89, see above, page 1091.*

The secretary will read section b.

SECRETARY CHASE: Section b.

[Section b was read by the secretary. For text, see above, page 1091.]

CHAIRMAN DEVRIES: The Chair recognizes the chairman of the committee, Delegate Elliott, for the committee explanation.

MR. A. G. ELLIOTT: Mr. Chairman, I think it is proper at this time to inform the Chair that there is a minority report that takes precedence over an amendment offered by Mrs. Judd, Mr. Brake and myself.

CHAIRMAN DEVRIES: The secretary will read the minority report amendment.

SECRETARY CHASE: Pursuant to the minority report of Messrs. Allen, Batchelor, Mrs. Cushman, Messrs. Farnsworth,

Help us, dear God, to be wise statesmen, not foolish partisans; and always remind us that to whatever extent we should fail the people of our state, we fail You. Amen.

## Nays—4

Cushman, Mrs.	Hatch	Wanger
Faxon		

SECRETARY CHASE: On the passage of Committee Proposal 84, the yeas are 118; the nays are 4.

PRESIDENT NISBET: Committee Proposal 84 is passed.

*Following is explanation of vote submitted by Mrs. Cushman and Mr. Faxon:*

In our opinion this section is unnecessary since it gives no powers not already possessed by the units of government mentioned, and the omission of other units, such as metropolitan authorities, may be misunderstood.

PRESIDENT NISBET: It is referred to the committee on style and drafting.

*For Committee Proposal 84 as rereferred to the committee on style and drafting, see above, page 2536.*

SECRETARY CHASE: Item 5 on the calendar, **Committee Proposal 85**, A proposal to provide that public utilities may use public property with consent of local authorities and a limitation on the length of franchise. Amends article VIII, sections 28 and 29.

*Following is Committee Proposal 85 as reported by the committee on style and drafting and read by the secretary. (For full text as referred to said committee, see above, page 1107.):*

Sec. a. No person, partnership, association or corporation, public or private, operating a public utility shall have the right to the use of the highways, streets, alleys or other public places of any county, city, village or township for wires, poles, pipes, tracks, [or] conduits[,] or other utility facilities, without the consent of the duly constituted authority of the county, city, village or township; or to transact [a] local business therein without first obtaining a franchise from the city, village or township. EXCEPT AS OTHERWISE AUTHORIZED IN THIS CONSTITUTION the right of all counties, cities, villages and townships to the reasonable control of their highways, streets, alleys and

public places is hereby reserved to [said] SUCH local units of government.

Sec. b. No franchise or license shall be granted by any [municipality of this state] CITY, VILLAGE OR TOWNSHIP for a longer period than 30 years.

Sec. c. Any county, [through] WHEN AUTHORIZED BY its legislative body, shall have the authority to enter[,] or to intervene in any suit or certificate proceeding involving the [service, charge] SERVICES, CHARGES or [rate made by] RATES OF any privately owned public utility furnishing services or commodities to rate payers within the county.

PRESIDENT NISBET: Mr. Elliott.

MR. A. G. ELLIOTT: Mr. President, on this particular proposal the committee has met and gone over the changes made by style and drafting. It is completely satisfied with those changes and the committee would like an opportunity to speak a little later on, as I know that there is an amendment to be offered.

PRESIDENT NISBET: There is an amendment offered. Mr. Chase, will you read the amendment.

SECRETARY CHASE: Mr. William Hanna offers the following amendment:

1. Amend page 1, line 1, after "Sec. a.", by striking out the balance of the section and inserting "Subject to this constitution and the general laws of the state no public utility shall have the right to use public property or places of any county, city, village or township for utility facilities without the consent of a duly constituted authority of such political subdivision; nor to transact a local business therein without first obtaining a franchise therefor from such city, village or township. The right of all counties, cities, villages and townships to the reasonable control of their public property and places is hereby reserved to such local units of government."

PRESIDENT NISBET: The Chair recognizes Mr. Hanna.

MR. W. F. HANNA: Mr. President and fellow delegates, when style and drafting received Committee Proposal 85, we attempted to do some uncluttering of this section. After streamlining it somewhat, Mr. Allen and Mr. Elliott came before the committee and advised us that the public utilities had objected to our attempting to streamline and better word this section a. This was hard for me to believe, personally, and I got a list of the public utilities from the capitol and sent them letters. I have not heard from all of them but of those that I have heard from the general consensus is that the language here is superfluous.

Now let me compare the proposed amendment that I am offering here with section a, which is taken from the old 1908 constitution without much change. First, the section a says; "No person, partnership, association or corporation, public or private, operating a public utility," I have merely said in place of all that language, "A public utility." I don't think it makes any difference whether it is an individual enterprise, a limited partnership, a partnership, association or corporation, or whether that corporation is public or private. Secondly, when you get down to "highways, streets, alleys," these are all public places and I have merely said, "public property and public places." When you get down to "wires, poles, pipes, tracks, conduits, or other utility facilities"—the "other utility facilities" was, I believe, entered by the committee—but the words "wires, poles, pipes, tracks, conduits" mean little or nothing and we might as well add lift stations, washers, bolts, valves, fire hydrants, and so forth. I merely submitted there that all of this falls within the words "utility facilities" and have so provided in the amendment. Now when you get down to line 10 of the present committee proposal, from the old constitution they have got "highways, streets, alleys and public places." I submit to you that this is all encompassed within the words "public property and places."

I want it specifically understood that this amendment is not intended to change any of the substantive law in this field whatsoever but is to merely clarify and get rid of redundant and surplus language and bring it up to 1962 language and get rid

Explanation—Matter within [ ] is stricken, matter in capitals is new.

of the 1908 language, and a majority of the utilities to which I wrote agreed with this.

Now there was a proposal that I had that grew out of misunderstanding of utility law. On line 6 I had a substitution for the language "to transact a local business therein." I have discovered that the words "to transact a local business therein" is a word of art in the utility business and you will notice that in the amendment that I am offering at this time I am leaving in the language "to transact a local business."

I repeat, again, that this is not intended to change any substantive language or any substantive rights of any public utility but to say the same thing in better and more concise language, and I ask your support.

PRESIDENT NISBET: Mr. Elliott.

MR. A. G. ELLIOTT: Mr. President and Mr. Hanna, ladies and gentlemen. I wish, Mr. Hanna, that you would pay particular attention, because I am going to ask you to take a course of action here when I finish which I think will accommodate the point of view that you are expressing.

During the committee deliberations we, also, had concern with the language as you see it here presented on second reading and we prepared for our committee's consideration entirely different language, not necessarily the same as Mr. Hanna's but along lines which would clean up the language and take some of these specifics out of the section. We were persuaded, however, by talking to the members of the public utilities, and also by attorneys who represent them, that there were some dangers in doing that; because this language had developed certain legal traditions over the years and it was on that basis and after very thorough discussion in local government that we resubmitted for the committee of the whole the language which was debated. That language has thus been changed only a little bit on this second reading because Mr. Allen and I, as Mr. Hanna has said, did go to the committee on style and drafting and point out to them that we felt that to develop a whole new case law on public utilities was dangerous where we might only be attempting to improve the language itself.

Now, Mr. Hanna, the point that I would like to suggest is this: as your amendment has been introduced and without your having given the committee any opportunity to read the letters or to know of the action that you have taken, you would leave me no alternative but to urge its defeat, the amendment to be defeated at this time because: of what we have here in section a, I am sure; of what you have, I am not sure.

Might I suggest that you withdraw your amendment at this time? The committee on local government would be happy to sit down with you, first with its subcommittee and then with its whole committee, and try to study out the letters of response that you have and arrive at language which would do what you are hopeful of doing, and that is to make the language more constitutional. If we can come to a common agreement, we could do this by an amendment offered on third reading. The reason I suggest that is because if my position should happen to prevail at this time—which would be the position of defeating your amendment—you would then be unable to offer this at third reading and it perhaps should be in the constitution.

PRESIDENT NISBET: Mr. Hanna.

MR. W. F. HANNA: Mr. Elliott and Mr. President, I don't feel that strongly about this amendment. From my experience in style and drafting, to try and get an amendment on third reading is literally impossible because I understand that we will be working night and day merely trying to get this thing in order.

If your committee feels, after my statement, that I have made a—and I specifically say no substantive change is intended—then I suggest that we vote it down or vote it in. I will be glad to submit the file to you and you may reword it to suit yourself on third reading. But I don't believe it is a practical solution to withdraw it.

MR. A. G. ELLIOTT: Mr. President and Mr. Hanna—please, sir, if I may have your attention just another moment. The desire of the committee on local government is to have as fine constitutional language in its article as it possibly can have; but you are leaving us no alternative but to urge the defeat of

this, because what you are now saying to the convention is only said as a point of view from the correspondence that you have had. The subcommittee on public utilities have not had an opportunity of seeing it. You didn't make it available to them, and the committee has not had that in discussion. I would think, sir, that if the committee on local government supported an amendment on the third reading that it would receive serious and thoughtful and favorable consideration from the convention, and I would urge you again to withdraw the amendment at this time.

PRESIDENT NISBET: The question is on the Hanna amendment. Those in favor of the amendment will say aye. Those opposed, no. The Chair is in doubt. Those in favor of the Hanna amendment will vote aye. Those opposed will vote no. We are voting on the Hanna amendment. Those in favor of the Hanna amendment will vote aye. Those opposed will vote no. Have you all voted? If so, the secretary will lock the machine and tally the vote.

SECRETARY CHASE: On the adoption of the amendment offered by Mr. Hanna, the yeas are 51; the nays are 68.

PRESIDENT NISBET: The amendment is not adopted. The question now is on the adoption of Committee Proposal 85. Will the machine be cleared. Those in favor of Committee Proposal 85 will vote aye. Those opposed will vote nay. Have you all voted? If so, the secretary will lock the machine and record the vote.

-------	---------	--------

SECRETARY CHASE: On the passage of Committee Proposal 85, the yeas are 122; the nays are 3.

PRESIDENT NISBET: Committee Proposal 85 is passed and is referred to the committee on style and drafting.

*For Committee Proposal 85 as rereferred to the committee on style and drafting, see above, page 2538.*

The secretary will read Committee Proposal 86.

SECRETARY CHASE: **Committee Proposal 86**, A proposal pertaining to highways and their maintenance. Amends article VIII, sections 26 and 27.

*Following is Committee Proposal 86 as reported by the committee on style and drafting and read by the secretary. (For full text as referred to said committee, see above, page 1057.)*

Sec. a. The legislature may [by general law] provide for the laying out, construction, improvement and maintenance of highways, bridges[,] and culverts by the state and by the counties and townships thereof; and may authorize counties to take charge and control of any highway within their limits for such purposes. The legislature may also [by general law] prescribe the powers and duties of [boards of supervisors] COUNTIES in relation to highways, bridges[,] and culverts; may provide for county road commissioners to be appointed or elected, with [such] powers and duties as may be prescribed by law. The AD VALOREM PROPERTY tax [raised] for road purposes by ANY COUNTY [counties] shall not exceed in any [1] year  $\frac{1}{2}$  OF ONE PER CENT OF THE [\$5.00 upon each \$1,000 of] assessed valuation for the preceding year.

Sec. b. The legislature shall not vacate [nor] OR alter any road, street, alley, or public [ground laid out by] PLACE UNDER THE JURISDICTION OF any county, township, city or village [or in any recorded plat].

PRESIDENT NISBET: The Chair recognizes Mr. Elliott.

MR. A. G. ELLIOTT: Mr. President and ladies and gentlemen, the local government committee had no objection to the changes that were made by style and drafting and urges the adoption of the proposal.

PRESIDENT NISBET: Are there any amendments?

SECRETARY CHASE: Messrs. Perras and Plank offer the following amendment:

1. Amend page 1, line 2, [section a] after "bridges" by striking out "and" and inserting a comma, and after "culverts" by inserting "and airports"; and in line 7, by striking out "and" and inserting a comma, and after "culverts" by inserting "and airports"; so the language will then read; "The legislature may provide for the laying out, construction, improvement and maintenance of highways, bridges, culverts and airports. . ."

PRESIDENT NISBET: The Chair recognizes Mr. Perras.

MR. PERRAS: Mr. President and fellow delegates, we just felt that as long as there are a lot of county airports in the state of Michigan and projecting ahead for the future, possibly for 50 years, that this language should be spelled out in the constitution so that there would be no mistake, that somebody would not change the law so that airports would not be taken care of in the future. I now yield to Mr. Plank.

PRESIDENT NISBET: Mr. Plank.

MR. PLANK: Actually, we don't want to waste much of your time on this but, since we are drawing this for 50 years, we feel that the word "airports" should be reinstated. I only point out to you that there is one city already operating an airport, the city of Detroit, and I feel that there will be many others, if there are not others that I don't know about at the present time. So we urge you to vote yes on this small amendment.

PRESIDENT NISBET: The question is on the amendment offered by Mr. Plank and Mr. Perras. Those in favor will say aye. Opposed, no.

The amendment is adopted. The question now is on Committee Proposal 86, as amended. Those in favor will vote aye. Those opposed will vote nay. Have you all voted? If so, the secretary will lock the machine and record the vote.

#### Article IV

##### Legislative Branch

Sec. 1. The legislative power of the State of Michigan is vested in a senate and a house of representatives.

Sec. 2. The senate shall consist of 38 members[,] to be elected from single member districts at the same [time] ELECTION as the governor for [4] FOUR-year terms concurrent with the term of office of the governor.

In districting the state for the purpose of electing senators after the official publication of the total population count of each federal decennial census, each county shall be assigned an apportionment factor equal to the sum of its percentage of the state's population as shown by the last regular federal decennial census computed to the nearest [1/100] ONE-ONE HUNDREDTH of one percent multiplied by [4] FOUR and its per-

centage of the state's land area computed to the nearest [1/100] ONE-ONE HUNDREDTH of one percent.

In arranging the state into senatorial districts, the apportionment commission shall be governed by the following rules:

(1) Counties with 13 or more apportionment factors shall be entitled as a class to senators in the proportion that the total apportionment factors of such counties bear to the total apportionment factors of the state computed to the nearest whole number. After each such county has been allocated one senator, the remaining senators to which this class of counties [are] IS entitled shall be distributed among such counties by the method of equal proportions applied to the apportionment factors.

(2) Counties having less than 13 apportionment factors shall be entitled as a class to senators in the proportion that the total apportionment factors of such counties bear to the total apportionment FACTORS of the state computed to the nearest whole number. Such counties shall thereafter be arranged into senatorial districts that are compact, convenient, and contiguous by land, as rectangular in shape as possible, and having as nearly as possible 13 apportionment factors, but in no event less than 10 or more than 16. Insofar as possible, existing senatorial districts at the time of reapportionment shall not be altered unless there [shall be] IS a failure to comply with the above standards.

(3) Counties entitled to [2] TWO or more senate districts shall be [further sub]divided into single member districts. The population of such districts shall be as nearly equal as possible but shall not be less than 75 percent nor more than 125 percent of a number determined by dividing the population of the county by the number of senators to which it is entitled. Each such district shall follow incorporated city or township boundary lines to the extent possible and shall be compact, contiguous, and as nearly uniform in shape as possible.

Sec. 3. The house of representatives shall consist of 110 members elected for [2] TWO-year terms from single member districts apportioned on a basis of population as [hereinafter] provided IN THIS ARTICLE. The districts shall consist of compact and convenient territory contiguous by land.

Each county which has a population of not less than [7/10] SEVEN-TENTHS of one percent of the population of the state shall constitute a separate representative area. Each county having less than [7/10] SEVEN-TENTHS of one percent of the population of the state shall be combined with another county or counties to form a representative area of not less than [7/10] SEVEN-

Explanation—Matter within [ ] is stricken, matter in capitals is new.

TENTHS of one percent of the population of the state. Any county which is isolated under the initial allocation as [herein] provided IN THIS SECTION shall be joined with that contiguous representative area having the smallest percentage of the state's population. Each such representative area shall be entitled initially to one representative.

After the assignment of one representative to each of the representative areas, the remaining house seats shall be apportioned among the representative areas on the basis of population by the method of equal proportions.

Any county comprising a representative area entitled to [2] TWO or more representatives shall be divided into single member representative districts as follows:

(1) The population of [each] SUCH districtS shall be as nearly equal as possible but shall not be less than 75 percent nor more than 125 percent of a number determined by dividing the population of the representative area by the number of representatives to which it is entitled.

(2) Such single member districts shall follow city and township boundaries where applicable and shall be composed of compact and contiguous territory as nearly square in shape as possible.

Any representative area consisting of more than one county, entitled to more than one representative, shall be divided into single member districts as equal as possible in population adhering to county lines.

Sec. 4. In counties having more than one representative or senatorial district, the territory in the same county annexed to or merged with a city between apportionments shall become a part of a contiguous representative or senatorial district in the city with which it is combined upon the effective date of the annexation or merger[.]. THE DISTRICTS WITH WHICH THE TERRITORY SHALL BE COMBINED SHALL BE [as] determined by ordinance of the city certified to the secretary of state.

[No legislator shall be deemed to have vacated his office by virtue of the above section.] NO SUCH CHANGE IN THE BOUNDARIES OF A REPRESENTATIVE OR SENATORIAL DISTRICT SHALL HAVE THE EFFECT OF REMOVING A LEGISLATOR FROM OFFICE DURING HIS TERM.

Sec. 3. At the general election to be held in the year 1978, and in each 16th year thereafter and at such times as may be provided by law, the question of a general revision of the constitution shall be submitted to the electors of the state. If a majority of the electors voting on the question decide in favor of a convention for such purpose, at an election to be held not later than [4] FOUR months after the proposal was certified as approved, the electors of each [house of] representative[s] district as then organized shall elect one delegate and the electors of each senatorial district as then organized shall elect one delegate. The delegates so elected shall convene at the SEAT OF GOVERNMENT [capital city] on the first Tuesday in October next succeeding such election or at an earlier date if provided by law.

The convention shall choose its own officers, determine the rules of its proceedings and judge the qualifications, elections and returns of its members. The governor shall appoint a qualified resident of the same district to fill a vacancy in the office of any delegate. [If the legislature shall determine that delegates shall be elected on a partisan basis, the governor shall appoint a qualified resident of the same district and of the same party.] WHO SHALL BE A MEMBER OF THE SAME PARTY AS THE DELEGATE VACATING THE OFFICE IF THE LEGISLATURE PROVIDES FOR PARTISAN ELECTION OF DELEGATES. The convention shall have power to appoint such officers, employees and assistants as it deems necessary and to fix their compensation; to provide for the printing and distribution of its documents, journals and proceedings; to explain and disseminate information about the proposed constitution and to complete the business of the convention in an orderly manner. Each delegate shall receive for his services compensation provided by law.

No proposed constitution or amendment adopted by such convention shall be submitted to the electors for approval as hereinafter provided unless by the assent of a majority of all the delegates elected to and serving in the convention, WITH THE NAMES AND VOTE OF THOSE VOTING [the yeas and nays being] entered in the journal. Any proposed constitution or amendments adopted

by such convention shall be submitted to the qualified electors in the manner and at the time provided by such convention not less than 90 days after final adjournment of the convention. Upon the approval of such constitution or amendments by a majority of the qualified electors voting thereon the constitution or amendments shall take effect as provided by the convention.

supreme court may prescribe by rule that the court of appeals may sit in divisions and for the terms of court and the times and places thereof. Each such division shall consist of not fewer than three judges. The number of judges comprising the court of appeals may be increased, and the districts from which they are elected may be changed by law.

Their jurisdiction, compensation and powers within this period shall be as provided by law. Within this five-year period, the legislature shall establish a court or courts of limited jurisdiction with powers and jurisdiction defined by law. The location of such court or courts, and the qualifications, tenure, method of election and salary of the judges of such court or courts, and by what governmental units the judges shall be paid, shall be provided by law, subject to the limitations contained in this Article.

Statutory courts in existence at the time this constitution becomes effective shall retain their powers and jurisdiction, except as provided by law, until they are abolished by law.

*Following is explanation of vote submitted by Mr. McAllister:*

My reason for voting no on article VI, the judicial article, is that I believe the provisions of the present constitution are better than the provisions of the new article.

*Following is explanation of vote submitted by Messrs. Krolikowski, Binkowski, Garvin, Madar, Ford, Downs and Miss Hart:*

We voted no on article VI because Michigan's traditional judicial system has stood the test of time in the basic matter of selection of judges. Michigan's judiciary has a nationwide reputation for ability, integrity and efficiency.

Michigan's judicial system provides that when a vacancy occurs the governor appoints a judge to serve until the next election. At the next election that judge who was temporarily appointed must run against any other candidates nominated by the people, either through petition or by convention, as in the case of the supreme court.

Article VI as adopted removes the governor's right to select the judge on a temporary basis—a system that is proven in practice to have the best of the appointed and the elected systems. The proponents of this change did not prove their need for changing the historically satisfactory method.

Another severe weakness was a constitutional provision in section 28 for appeals from administrative agencies. Present appeals are handled either by general law or specific statute affecting specially created agencies. This proposal has a constitutional, rigid appeal system that could, in effect, make one who wins his case before the administrative tribunal for all intents and purposes go before a court and win his case all over again. This is frustrating, expensive and time-consuming for litigants as well as courts.

We believe that the proposed judicial article does not contain sufficient improvement over the present judicial system to justify replacing the 1908 constitution, as amended. Any improvements found in the article may and should be accomplished by statutory enactment.

We believe that these 2 changes alone are significant steps backward from Michigan's present constitution, and we therefore voted no on article VI—judicial branch.

**VICE PRESIDENT HUTCHINSON** (continuing): The secretary will read article VII, local government.

**SECRETARY CHASE:** Article VII, local government:

[Article VII, sections 1 through 33, was read by the secretary. For text, see above, page 3083.]

**VICE PRESIDENT HUTCHINSON:** Article VII has been read a third time.

**SECRETARY CHASE:** Mr. Cudlip, on behalf of the committee on style and drafting, requests that the following corrections be made in article VII of the proposed revision of the constitution:

sec- tion	col- umn	line	Corrections
10	2	29	After "be" remove brackets around "re".
10	2	30	After "to be" insert brackets as follows "[re]".
17	1	27	After "law" insert "[" before "and".
17	1	28	After "constitution" insert "[".
20	1	45	After "provide" insert "by law".
24	2	27	After "own" insert "[,]".
24	2	30	After "disposal" delete "[,]".
30	1	55	After "a" insert "[longer]".
30	1	56	Change "longer" to "LONGER".

**VICE PRESIDENT HUTCHINSON:** Without objection it is so ordered. [Corrections made above.] The secretary will report an amendment.

**SECRETARY CHASE:** Messrs. Sharpe and Kuhn offer the following amendment:

1. Amend article VII, section 21 (column 2, line 6) after "law.", by inserting "No governmental subdivision of the state shall impose an income tax unless approved by three-fifths of the qualified electors voting on the question."

**MR. VAN DUSEN:** Mr. President.

**VICE PRESIDENT HUTCHINSON:** Mr. Van Dusen.

**MR. VAN DUSEN:** The substance of this amendment has been debated at some length before and I would move at this time to limit debate on this amendment to 10 minutes.

**VICE PRESIDENT HUTCHINSON:** The question is on the motion to limit debate to 10 minutes. All those in favor will say aye. Opposed will say no.

The motion prevails. Mr. Brown.

**MR. G. E. BROWN:** Point of order, Mr. President.

**VICE PRESIDENT HUTCHINSON:** State your point.

**MR. G. E. BROWN:** The exact language that is presently proposed was offered on second reading except that instead of a majority of the qualified electors, 3/5 has now been added and changed. I think in substance this is the same. When you make the requirement more stringent than failed to pass before, I don't think you have a different matter before you and I would refer you to journal page 999.

**VICE PRESIDENT HUTCHINSON:** Well, the Chair would be disposed to rule and does rule that this presents a different question. The body has not heretofore considered the matter of a 60 per cent on this thing. Mr. Kuhn.

**MR. KUHN:** Mr. President and members of the convention, once again we come to you and ask you to consider the question of whether or not a governmental subdivision shall authorize an income tax without a vote of its people. Now it has been argued that this is legislative in nature, and when the Bowman bill passed the legislature you had a pretty strong argument. But since the governor in his wisdom saw fit to veto this bill, I think it now presents the same question that has been raised by many delegates who have things that they felt were necessary to be in this constitution; for example, the civil rights commission, civil service, and things of that nature. We know that those are legislative matters and yet we thought they should be in the constitution, because the legislature did not provide for them. We therefore strongly urge that the delegates to this convention decide this issue for the people and put it in the constitution.

**MR. W. F. HANNA:** Mr. President.

**VICE PRESIDENT HUTCHINSON:** Mr. Hanna.

**MR. W. F. HANNA:** I rise to a point of order. I challenge the germaneness of this proposed amendment to this section. Section 21 of local government is the historical local government article dealing with home rule cities and villages and the reference to tax laws in there are to cities and villages as they may put in their charters for municipal purposes and public purposes.

The amendment says "No governmental subdivision" which would cover school districts, charter or other authorities, town-

ing body" there, taking that out, so that the local units of government don't have the power any more to do it but the state highway department or some place in the state of Michigan, down in Lansing, could grant all power to override that.

MR. A. G. ELLIOTT: The answer is, no.

VICE PRESIDENT HUTCHINSON: The question is upon the amendment offered by Mr. William F. Hanna and Mr. Arthur Elliott. Mrs. Cushman.

MRS. CUSHMAN: I would like to speak to the amendment. I think that actually we only have 2 changes here and I don't think they are bad. I think that actually, probably, we could make them in style and drafting and I don't think you would object to them.

In the first place you have changed — in response to Mr. Gover's question, actually, there is no change at all in the wording about franchises, not one change. In the second place, all we have said is, "No public utility" to substitute for all this business about "No person, partnership, association or corporation," and so on. And then in the other place, instead of saying all these involved words, which to my understanding is not good constitutional language, you say "wires, poles, pipes, tracks, conduits or other utility facilities;" for that we substitute just plain "utility facilities." So that it seems to me that there is really no substantive change here and, now that the other changes have been redone to correspond with the original language, I can't see that there is any particular problem at all with this.

VICE PRESIDENT HUTCHINSON: Mr. Hoxie.

MR. HOXIE: Mr. President and fellow delegates, we started out in consideration of this amendment on the premise that there was no substantive change intended, at least. However, I think it is admitted now that there was a substantive change.

I think that at this stage in our deliberations it is very unwise to start in making amendments unless we are sure that we know what we are doing. This particular section was considered by the committee and it appears now that we have 2 individuals who want to rewrite this section. The purpose I don't know or what their intent is but, as far as I am concerned, I am willing to accept the section as it came from the committee, as it was adopted by this convention, as it came back to us from style and drafting. I think it is very unwise for this convention to start amending sections unless we are sure we know what we are doing. I urge a no vote on the amendment.

VICE PRESIDENT HUTCHINSON: Mr. Hanna, just for 30 seconds.

MR. W. F. HANNA: I'll sit down.

VICE PRESIDENT HUTCHINSON: No, go ahead. The question is upon the adoption of the revised amendment offered by Mr. William F. Hanna and Mr. Arthur Elliott, which has been read. All those in favor will say aye. Opposed no.

The amendment is not adopted.

DELEGATES: Division.

VICE PRESIDENT HUTCHINSON: Division is called for. Is the demand for division supported? The demand is supported. A sufficient number up. All those in favor of the amendment will vote aye. Those opposed will vote no. Have you all voted? If so, the secretary will lock the machine and record the total.

SECRETARY CHASE: On the adoption of the amendment offered by Messrs. W. F. Hanna and A. G. Elliott, the yeas are 26; the nays are 88.

VICE PRESIDENT HUTCHINSON: The amendment is not adopted. Are there any further amendments? The question is upon the passage of article VII, local government.

MR. ALLEN: Mr. President.

VICE PRESIDENT HUTCHINSON: Mr. Allen.

MR. ALLEN: I don't have an amendment but, if I could make a suggestion or a comment, I notice in the way we have set it up in the third reading, we start with an index and I assume that index will not be kept the same, particularly because it refers to committee proposals, but there are 2 sections that are very related: one is our old Committee Proposal 88, which is intergovernmental agreements as far as they apply within the state. And then there is the one that came out of emerging problems, which was 128. Now 128, as style and drafting has set it up, is now in article III under general government and I think this is all right, but the caption given it in the index

is "intergovernmental agreements;" whereas, the very similar one which we have in local government is given a different caption. I think it is called "intrastate cooperation."

I just wanted to make this suggestion and I don't know where the suggestion would go — probably to style and drafting, but each should be entitled the same but one of them is interstate and the other is intrastate. They each could be called "intergovernmental cooperation" or they each could be called "agreements," but I think if we keep the titles which we have now it could cause some confusion. And I just make this as a suggestion.

VICE PRESIDENT HUTCHINSON: Mr. Van Dusen.

MR. VAN DUSEN: Mr. President, there are no further amendments, as I understand it?

VICE PRESIDENT HUTCHINSON: There are none.

MR. VAN DUSEN: I would move to limit further debate on this article to 5 minutes.

VICE PRESIDENT HUTCHINSON: On the motion to limit debate upon the article to 5 minutes, all those in favor will say aye. Opposed, no.

The motion prevails. The Chair recognizes Mr. Cudlip.

MR. CUDLIP: Mr. President and members, I rise just for the purpose of saying that these section captions in this brochure before you are not a part of the constitution. They are put in there for your convenience. The constitution as proposed will have article numbers and captions like judicial branch, executive branch, nothing else, and the schedule will not even bear a caption or an article number. These are purely for your convenience and if anybody puts them in future reprints of this document — if it is enacted or adopted by the people — it will be an editor, West Publishing or Callahan or somebody in the secretary of state's office, as in the present case. Thank you.

VICE PRESIDENT HUTCHINSON: Mr. Downs.

MR. DOWNS: Mr. President and fellow delegates, I did not put any amendments in on this because this had been done in committee of the whole and on second reading. In committee of the whole we did try to get certain standards for county home rule which did not pass and then in the second reading many delegates — and I was one of those — went all out for pure home rule.

I now rise in opposition to this article, urge a no vote, and want the delegates to know what the reasoning is, whether or not they individually or collectively agree. This provision now is that, "Any county may frame, adopt, amend or repeal a county charter in a manner and with powers and limitations to be provided by general law. . . ." What I had urged in committee of the whole was that we assure that every county have partisan government. This was lost and then I supported the pure home rule concept, which would provide that any county could have either partisan or nonpartisan government, as the next best thing. This is the third best thing. My concern — and I feel it is a real one — is that by using the term "by general law" with the type of legislature we have created that there will be a classification so counties over a million, which include the one in which I reside, may end up with nonpartisan government and counties under a million may end up with the requirement of partisan government. I think this is a double standard that is, possibly, almost written into this. I think it is an unsound approach and there should be a single standard. I would take a different attitude if we had a legislature with equal representation for urban areas.

I regret that we did not improve the basic structure of the board of supervisors providing for election or providing for more equal representation therein.

I believe that in our other provisions here that we set up a double standard on cities or villages acquiring utilities where it takes 3/5 to buy and only a simple majority to reject.

Time and again through this article — such as section 27 — when we provide for metropolitan government, we use the term "the legislature may establish." I suppose the delegates are as tired of hearing as I am of saying that the concern here is that when we say "legislature may establish" — and I am greatly concerned — that this is almost meaningless when it comes to meeting the needs of those of us from industrial, urban areas with the type of legislative makeup we have. I therefore urge a

no vote and hope that there will be a substitute before we complete third reading, which will permit a more responsive, more responsible type of government and hope then that the delegates will be able to support a more positive substitute. Thank you.

VICE PRESIDENT HUTCHINSON: Mr. King.

MR. KING: Mr. President and fellow delegates, I should like to comment on this section in general, but before I do that I would like to point out to Mr. Allen and for the benefit of the record that Committee Proposal 128 deals with both intrastate and interstate governmental relations and I don't know that Mr. Allen was completely aware of that, but I should want the record to clearly reflect that fact.

I find myself, like Mr. Downs, dissatisfied and unhappy that we were not able to provide for the election of supervisors. I am also disappointed that we were not able to achieve what I considered to be essential: that is, pure home rule. However, I would point out to this delegation, and to Mr. Downs in particular, that the phrase "democratic process" is spelled with a small "d," and as such, I think it is absolutely essential that we all be prepared to win on some points and to lose on others. By and large, this is an excellent article and I support it.

VICE PRESIDENT HUTCHINSON: Time for debate has expired. The question is upon the passage of the article, article VII, local government. All those in favor of the article will vote aye. All those opposed —

MR. BINKOWSKI: Mr. President.

VICE PRESIDENT HUTCHINSON: Mr. Binkowski.

MR. BINKOWSKI: I would like to announce my intention to abstain.

VICE PRESIDENT HUTCHINSON: All those in favor will vote aye. Those opposed will vote no. Mr. Binkowski abstains. Have you all voted? If so, the secretary will lock the machine and record the vote.

SECRETARY CHASE: On the passage of article VII, the yeas are 92; the nays are 26.

VICE PRESIDENT HUTCHINSON: A majority of the delegates elect having voted in favor thereof, **article VII** on local government is passed.

*For article VII as passed, see above, page 3063.*

*Following is explanation of vote submitted by Mr. Finch:*

I voted no on article VII because I object to a portion of section 21. I believe that cities and villages should not be able to impose a payroll tax or an income tax on nonresidents.

*Following is explanation of vote submitted by Messrs. Hodges, Baginski, Madar, Buback, Downs, Ford, Jones and Miss Hart:*

We voted no on article VII — local government, for several reasons.

The provision of county home rule provides that counties could have home rule only if authorized by the legislature. We are very concerned that the legislature, not based on population, would set a double standard of home rule — one for large urban counties and another for smaller, nonurban counties. We believe this double standard would frustrate effective home rule and regret that principles for standards of home rule were turned down in committee of the whole and on second reading. Self executing provisions to provide the people of a county the possibility of developing home rule independently of the legislature were also rejected.

The boards of supervisors throughout the counties in Michigan need strengthening. Unfortunately county boards of supervisors presently are selected on a basis that is not truly representative of people and violates the concept of equality of representation. We believe that local government can be strengthened effectively by strengthening county boards of supervisors through an elective process that assures equality of representation on a responsible basis.

Section 25 sets up a double standard for cities and villages in acquiring public utilities by requiring a 3/5 vote to obtain public utilities and permitting them to be sold by only a simple majority.

The creation of metropolitan areas so vital to a growing industrial economy is hamstrung by making it contingent upon the actions of a legislature that does not truly represent people. We therefore voted no on article VII and hope that the convention will take more positive action before we complete the third reading.

VICE PRESIDENT HUTCHINSON (continuing): The secretary will read article VIII, education.

SECRETARY CHASE: **Article VIII:**

[Article VIII, sections 1 through 9, was read by the secretary. For text, see above, page 3085.]

VICE PRESIDENT HUTCHINSON: Article VIII has been read a third time.

SECRETARY CHASE: Mr. Cudlip, on behalf of the committee on style and drafting, requests that the following corrections be made in article VIII of the proposed revision of the constitution:

## Article II Elections

Sec. 1. Every citizen of the United States who has attained the age of 21 years, who has resided in this state six months, and who meets the requirements of local residence provided by law, shall be an elector and qualified to vote in any election except as otherwise provided in this constitution. The legislature shall define residence for voting purposes.

Sec. 2. The legislature may by law exclude persons from voting because of mental incompetence or commitment to a jail or penal institution.

Sec. 3. For purposes of voting in the election for president and vice-president of the United States only, the legislature may by law establish lesser residence requirements for citizens who have resided in this state for less than six months and may waive residence requirements for former citizens of this state who have removed herefrom. The legislature shall not permit voting by any person who meets the voting residence requirements of the state to which he has removed.

Sec. 4. The legislature shall enact laws to regulate the time, place and manner of all nominations and elections, except as otherwise provided in this constitution or in the constitution and laws of the United States. The legislature shall enact laws to preserve the purity of elections, to preserve the secrecy of the ballot, to guard against abuses of the elective franchise, and to provide for a system of voter registration and absentee voting. No law shall be enacted which permits a candidate in any partisan primary or partisan election to have a ballot designation except when required for identification of candidates for the same office who have the same or similar surnames.

Sec. 5. Except for special elections to fill vacancies, or as otherwise provided in this constitution, all elections for national, state, county and township offices shall be held on the first Tuesday after the first Monday in November in each even-numbered year or on such other date as members of the congress of the United States are regularly elected.

Sec. 6. Whenever any question is required to be submitted by a political subdivision to the electors which involves the increase of any ad valorem tax rate limitation for a period of more than five years, or the issue of bonds, only electors in, and who have property assessed for any ad valorem taxes in, any part of the district or territory to be affected by the result of such election or electors who are the lawful husbands or wives of such persons shall be entitled to vote thereon. All electors in the district or territory affected may vote on all other questions.

Sec. 7. A board of state canvassers of four

members shall be established by law. No candidate for an office to be canvassed nor any inspector of elections shall be eligible to serve as a member of a board of canvassers. A majority of any board of canvassers shall not be composed of members of the same political party.

Sec. 8. Laws shall be enacted to provide for the recall of all elective officers except judges of courts of record upon petition of electors equal in number to 25 percent of the number of persons voting in the last preceding election for the office of governor in the electoral district of the officer sought to be recalled. The sufficiency of any statement of reasons or grounds procedurally required shall be a political rather than a judicial question.

Sec. 9. The people reserve to themselves the power to propose laws and to enact and reject laws, called the initiative, and the power to approve or reject laws enacted by the legislature, called the referendum. The power of initiative extends only to laws which the legislature may enact under this constitution. The power of referendum does not extend to acts making appropriations for state institutions or to meet deficiencies in state funds and must be invoked in the manner prescribed by law within 90 days following the final adjournment of the legislative session at which the law was enacted. To invoke the initiative or referendum, petitions signed by a number of registered electors, not less than eight percent for initiative and five percent for referendum of the total vote cast for all candidates for governor at the last preceding general election at which a governor was elected shall be required.

No law as to which the power of referendum properly has been invoked shall be effective thereafter unless approved by a majority of the electors voting thereon at the next general election.

Any law proposed by initiative petition shall be either enacted or rejected by the legislature without change or amendment within 40 session days from the time such petition is received by the legislature. If any law proposed by such petition shall be enacted by the legislature it shall be subject to referendum, as hereinafter provided.

If the law so proposed is not enacted by the legislature within the 40 days, the state officer authorized by law shall submit such proposed law to the people for approval or rejection at the next general election. The legislature may reject any measure so proposed by initiative petition and propose a different measure upon the same subject by a yea and nay vote upon separate roll calls, and in such event both measures shall be submitted by such state officer to the electors for approval or rejection at the next general election.

Any law submitted to the people by either initiative or referendum petition and approved by

a majority of the votes cast thereon at any election shall take effect 10 days after the date of the official declaration of the vote. No law initiated or adopted by the people shall be subject to the veto power of the governor, and no law adopted by the people at the polls under the initiative provisions of this section shall be amended or repealed, except by a vote of the electors or three-fourths of the members elected to and serving in each house of the legislature. Laws approved by the people under the referendum provision of this section may be amended by the legislature at any subsequent session thereof. If two or more measures approved by the electors at the same election conflict, that receiving the highest affirmative vote shall prevail.

The legislature shall implement the provisions of this section.

#### Article IV Legislative Branch

Sec. 1. The legislative power of the State of Michigan is vested in a senate and a house of representatives.

Sec. 2. The senate shall consist of 38 members to be elected from single member districts at the same election as the governor for four-year terms concurrent with the term of office of the governor.

In districting the state for the purpose of electing senators after the official publication of the total population count of each federal decennial census, each county shall be assigned an apportionment factor equal to the sum of its percentage of the state's population as shown by the last regular federal decennial census computed to the nearest one-one hundredth of one percent multiplied by four and its percentage of the state's land area computed to the nearest one-one hundredth of one percent.

In arranging the state into senatorial districts, the apportionment commission shall be governed by the following rules:

(1) Counties with 13 or more apportionment factors shall be entitled as a class to senators in the proportion that the total apportionment factors of such counties bear to the total apportionment factors of the state computed to the nearest whole number. After each such county has been allocated one senator, the remaining senators to which this class of counties is entitled shall be distributed among such counties by the method of equal proportions applied to the apportionment factors.

(2) Counties having less than 13 apportionment factors shall be entitled as a class to senators in the proportion that the total apportionment factors of such counties bear to the total apportionment factors of the state computed to the nearest whole number. Such counties shall thereafter be arranged into senatorial districts that are compact, convenient, and contiguous by land, as rectangular in shape as possible, and having as nearly as possible 13 apportionment factors, but in no event less than 10 or more than 16. Insofar as possible, existing senatorial districts at the time of reapportionment shall not be altered unless there is a failure to comply with the above standards.

(3) Counties entitled to two or more senate districts shall be divided into single member districts. The population of such districts shall be as nearly equal as possible but shall not be less than 75 percent nor more than 125 percent of a number determined by dividing the population of the county by the number of senators to which it is entitled. Each such district shall follow incorporated city or township boundary lines to the extent possible and shall be compact, contiguous, and as nearly uniform in shape as possible.

Sec. 3. The house of representatives shall consist of 110 members elected for two-year terms from single member districts apportioned on a basis of population as provided in this article. The districts shall consist of compact and convenient territory contiguous by land.

Each county which has a population of not less than seven-tenths of one percent of the population of the state shall constitute a separate representative area. Each county having less than seven-tenths of one percent of the population of the state shall be combined with another county or counties to form a representative area of not less than seven-tenths of one percent of the population of the state. Any county which is isolated under the initial allocation as provided in this section shall be joined with that contiguous representative area having the smallest percentage of the state's population. Each such representative area shall be entitled initially to one representative.

After the assignment of one representative to each of the representative areas, the remaining house seats shall be apportioned among the representative areas on the basis of population by the method of equal proportions.

Any county comprising a representative area entitled to two or more representatives shall be divided into single member representative districts as follows:

(1) The population of such districts shall be as nearly equal as possible but shall not be less than 75 percent nor more than 125 percent of a number determined by dividing the population of the representative area by the number of representatives to which it is entitled.

(2) Such single member districts shall follow city and township boundaries where applicable and shall be composed of compact and contiguous territory as nearly square in shape as possible.

Any representative area consisting of more than one county, entitled to more than one representative, shall be divided into single member districts as equal as possible in population adhering to county lines.

Sec. 4. In counties having more than one representative or senatorial district, the territory in the same county annexed to or merged with a city between apportionments shall become a part of a contiguous representative or senatorial dis-

1 | trict in the city with which it is combined, if  
2 | provided by ordinance of the city. The district  
3 | or districts with which the territory shall be  
4 | combined shall be determined by such ordinance  
5 | certified to the secretary of state. No such change  
6 | in the boundaries of a representative or senatorial  
7 | district shall have the effect of removing a legis-  
8 | lator from office during his term.

9 | Sec. 5. Island areas are considered to be con-  
10 | tiguous by land to the county of which they are  
11 | a part.

12 | Sec. 6. A commission on legislative apportion-  
13 | ment is hereby established consisting of eight  
14 | persons, four of whom shall be selected by the  
15 | state organizations of each of the two political  
16 | parties whose candidates for governor received  
17 | the highest vote at the last general election at  
18 | which a governor was elected preceding each ap-  
19 | portionment. If a candidate for governor of a third  
20 | political party has received at such election more  
21 | than 25 percent of such gubernatorial vote, the  
22 | commission shall consist of 12 members, four of  
23 | whom shall be selected by the state organization of  
24 | the third political party. One member of the com-  
25 | mission shall be selected by each political party or-  
26 | ganization from each of the following four regions:  
27 | (1) The upper peninsula; (2) The northern part of  
28 | the lower peninsula, north of a line drawn along  
29 | the northern boundaries of the counties of Bay,  
30 | Midland, Isabella, Mecosta, Newaygo and Oceana;  
31 | (3) Southwestern Michigan, those counties south  
32 | of region (2) and west of a line drawn along  
33 | the western boundaries of the counties of Bay,  
34 | Saginaw, Shiawassee, Ingham, Jackson and Hills-  
35 | dale; (4) Southeastern Michigan, the remaining  
36 | counties of the state.

37 | No officers or employees of the federal, state  
38 | or local governments, excepting notaries public  
39 | and members of the armed forces reserve, shall  
40 | be eligible for membership on the commission.  
41 | Members of the commission shall not be eligible  
42 | for election to the legislature until two years after  
43 | the apportionment in which they participated  
44 | becomes effective.

45 | The commission shall be appointed immediately  
46 | after the adoption of this constitution and when-  
47 | ever apportionment or districting of the legislature  
48 | is required by the provisions of this constitution.  
49 | Members of the commission shall hold office until  
50 | each apportionment or districting plan becomes  
51 | effective. Vacancies shall be filled in the same  
52 | manner as for original appointment.

53 | The secretary of state shall be secretary of  
54 | the commission without vote, and in that capacity  
55 | shall furnish, under the direction of the commis-  
56 | sion, all necessary technical services. The com-  
57 | mission shall elect its own chairman, shall make  
58 | its own rules of procedure, and shall receive com-  
59 | pensation provided by law. The legislature shall  
60 | appropriate funds to enable the commission to

carry out its activities.

1 | Within 30 days after the adoption of this con-  
2 | stitution, and after the official total population  
3 | count of each federal decennial census of the state  
4 | and its political subdivisions is available, the se-  
5 | cretary of state shall issue a call convening the  
6 | commission not less than 30 nor more than 45  
7 | days thereafter. The commission shall complete  
8 | its work within 180 days after all necessary census  
9 | information is available. The commission shall  
10 | proceed to district and apportion the senate and  
11 | house of representatives according to the provi-  
12 | sions of this constitution. All final decisions shall  
13 | require the concurrence of a majority of the mem-  
14 | bers of the commission. The commission shall hold  
15 | public hearings as may be provided by law.

16 | Each final apportionment and districting plan  
17 | shall be published as provided by law within 30  
18 | days from the date of its adoption and shall be-  
19 | come law 60 days after publication. The secre-  
20 | tary of state shall keep a public record of all the  
21 | proceedings of the commission and shall be re-  
22 | sponsible for the publication and distribution of  
23 | each plan.

24 | If a majority of the commission cannot agree  
25 | on a plan, each member of the commission, indi-  
26 | vidualy or jointly with other members, may sub-  
27 | mit a proposed plan to the supreme court. The  
28 | supreme court shall determine which plan com-  
29 | plies most accurately with the constitutional re-  
30 | quirements and shall direct that it be adopted  
31 | by the commission and published as provided  
32 | in this section.

33 | Upon the application of any elector filed not  
34 | later than 60 days after final publication of the  
35 | plan, the supreme court, in the exercise of origi-  
36 | nal jurisdiction, shall direct the secretary of  
37 | state or the apportionment commission to per-  
38 | form their duties, may review any final plan  
39 | adopted by the commission, and shall remand  
40 | such plan to the commission for further action  
41 | if it fails to comply with the requirements of  
42 | this constitution.

43 | Sec. 7. Each senator and representative  
44 | must be a citizen of the United States, at least  
45 | 21 years of age, and an elector of the district  
46 | he represents. The removal of his domicile from  
47 | the district shall be deemed a vacation of the  
48 | office. No person who has been convicted of sub-  
49 | version or who has within the preceding 20 years  
50 | been convicted of a felony involving a breach  
51 | of public trust shall be eligible for either house  
52 | of the legislature.

53 | Sec. 8. No person holding any office under the  
54 | United States or this state or a political subdivi-  
55 | sion thereof, except notaries public and officers  
56 | of the armed forces reserve, may be a member of  
57 | either house of the legislature.

58 | Sec. 9. No person elected to the legislature  
59 | shall receive any civil appointment within this  
60 |

1 state from the governor, except notaries public,  
2 from the legislature, or from any other state  
3 authority, during the term for which he is elected.

4 Sec. 10. No member of the legislature nor any  
5 state officer shall be interested directly or in-  
6 directly in any contract with the state or any  
7 political subdivision thereof which shall cause a  
8 substantial conflict of interest. The legislature  
9 shall further implement this provision by appro-  
10 priate legislation.

11 Sec. 11. Senators and representatives shall be  
12 privileged from civil arrest and civil process dur-  
13 ing sessions of the legislature and for five days  
14 next before the commencement and after the  
15 termination thereof. They shall not be ques-  
16 tioned in any other place for any speech in either  
17 house.

18 Sec. 12. The compensation and expense al-  
19 lowances of the members of the legislature shall  
20 be determined by law. Changes in compensation  
21 or expense allowances shall become effective only  
22 when legislators commence their terms of office  
23 after a general election.

24 Sec. 13. The legislature shall meet at the seat  
25 of government on the second Wednesday in Janu-  
26 ary of each year at twelve o'clock noon. Each  
27 regular session shall adjourn without day, on a  
28 day determined by concurrent resolution, at  
29 twelve o'clock noon. Any business, bill or joint  
30 resolution pending at the final adjournment of  
31 a regular session held in an odd numbered year  
32 shall carry over with the same status to the  
33 next regular session.

34 Sec. 14. A majority of the members elected  
35 to and serving in each house shall constitute a  
36 quorum to do business. A smaller number in  
37 each house may adjourn from day to day, and  
38 may compel the attendance of absent members in  
39 the manner and with penalties as each house may  
40 prescribe.

41 Sec. 15. There shall be a bi-partisan legisla-  
42 tive council consisting of legislators appointed in  
43 the manner prescribed by law. The legislature  
44 shall appropriate funds for the council's opera-  
45 tions and provide for its staff which shall main-  
46 tain bill drafting, research and other services  
47 for the members of the legislature. The council  
48 shall periodically examine and recommend to the  
49 legislature revision of the various laws of the  
50 state.

51 Sec. 16. Each house, except as otherwise pro-  
52 vided in this constitution, shall choose its own  
53 officers and determine the rules of its proceedings,  
54 but shall not adopt any rule that will prevent a  
55 majority of the members elected thereto and  
56 serving therein from discharging a committee  
57 from the further consideration of any measure.  
58 Each house shall be the sole judge of the quali-  
59 fications, elections and returns of its members,  
60 and may, with the concurrence of two-thirds of

1 all the members elected thereto and serving  
2 therein, expel a member. The reasons for such  
3 expulsion shall be entered in the journal, with  
4 the votes and names of the members voting upon  
5 the question. No member shall be expelled a  
6 second time for the same cause.

7 Sec. 17. Each house of the legislature may  
8 establish the committees necessary for the effi-  
9 cient conduct of its business and the legislature  
10 may create joint committees. Each committee  
11 shall by roll call vote record the vote and name  
12 of all action on bills and resolutions taken in  
13 the committee. Such vote shall be available for  
14 public inspection. Notice of all committee hear-  
15 ings and a clear statement of all subjects to be  
16 considered at each hearing shall be published in  
17 the journal in advance of the hearing.

18 Sec. 18. Each house shall keep a journal of  
19 its proceedings, and publish the same unless the  
20 public security otherwise requires. The record  
21 of the vote and name of the members of either  
22 house voting on any question shall be entered  
23 in the journal at the request of one-fifth of the  
24 members present. Any member of either house  
25 may dissent from and protest against any act,  
26 proceeding or resolution which he deems injuri-  
27 ous to any person or the public, and have the  
28 reason for his dissent entered in the journal.

29 Sec. 19. All elections in either house or in  
30 joint convention and all votes on appointments  
31 submitted to the senate for advice and consent  
32 shall be published by vote and name in the journal.

33 Sec. 20. The doors of each house shall be open  
34 unless the public security otherwise requires.

35 Sec. 21. Neither house shall, without the con-  
36 sent of the other, adjourn for more than two  
37 intervening calendar days, nor to any place other  
38 than where the legislature may then be in session.

39 Sec. 22. All legislation shall be by bill and  
40 may originate in either house.

41 Sec. 23. The style of the laws shall be: The  
42 People of the State of Michigan enact.

43 Sec. 24. No law shall embrace more than one  
44 object, which shall be expressed in its title. No  
45 bill shall be altered or amended on its passage  
46 through either house so as to change its original  
47 purpose as determined by its total content and  
48 not alone by its title.

49 Sec. 25. No law shall be revised, altered or  
50 amended by reference to its title only. The section  
51 or sections of the act altered or amended shall  
52 be re-enacted and published at length.

53 Sec. 26. No bill shall be passed or become a  
54 law at any regular session of the legislature until  
55 it has been printed or reproduced and in the pos-  
56 session of each house for at least five days. Every  
57 bill shall be read three times in each house be-  
58 fore the final passage thereof. No bill shall be-  
59 come a law without the concurrence of a majority  
60 of the members elected to and serving in each

house. On the final passage of bills, the votes and names of the members voting thereon shall be entered in the journal.

Sec. 27. No act shall take effect until the expiration of 90 days from the end of the session at which it was passed, but the legislature may give immediate effect to acts by a two-thirds vote of the members elected to and serving in each house.

Sec. 28. When the legislature is convened on extraordinary occasions in special session no bill shall be passed on any subjects other than those expressly stated in the governor's proclamation or submitted by special message.

Sec. 29. The legislature shall pass no local or special act in any case where a general act can be made applicable, and whether a general act can be made applicable shall be a judicial question. Thereafter the legislature shall have 60 calendar days of a regular session, or a full session if of shorter duration, to disapprove each executive order. 56 perform separately; share the costs and responsi-

## Article IX

### Finance and Taxation

13 Sec. 1. The legislature shall impose taxes suf-  
14 ficient with other resources to pay the expenses of  
15 state government.

16 Sec. 2. The power of taxation shall never be  
17 surrendered, suspended or contracted away.

18 Sec. 3. The legislature shall provide for the  
19 uniform general ad valorem taxation of real and  
20 tangible personal property not exempt by law. The  
21 legislature shall provide for the determination of  
22 true cash value of such property; the proportion  
23 of true cash value at which such property shall  
24 be uniformly assessed, which shall not, after  
25 January 1, 1966, exceed 50 percent; and for a sys-  
26 tem of equalization of assessments. The legislature  
27 may provide for alternative means of taxation of  
28 designated real and tangible personal property in  
29 lieu of general ad valorem taxation. Every tax  
30 other than the general ad valorem property tax  
31 shall be uniform upon the class or classes on  
32 which it operates.

33 Sec. 4. Property owned and occupied by non-  
34 profit religious or educational organizations and  
35 used exclusively for religious or educational pur-  
36 poses, as defined by law, shall be exempt from  
37 real and personal property taxes.

38 Sec. 5. The legislature shall provide for the  
39 assessment by the state of the property of those  
40 public service businesses assessed by the state  
41 at the date this constitution becomes effective, and  
42 of other property as designated by the legislature,  
43 and for the imposition and collection of taxes  
44 thereon. Property assessed by the state shall be  
45 assessed at the same proportion of its true  
46 cash value as the legislature shall specify for  
47 property subject to general ad valorem taxation.  
48 The rate of taxation on such property shall be  
49 the average rate levied upon other property in this  
50 state under the general ad valorem tax law, or,  
51 if the legislature provides, the rate of tax applicable  
52 to the property of each business enterprise assessed  
53 by the state shall be the average rate of ad valorem  
54 taxation levied upon other property in all counties  
55 in which any of such property is situated.

56 Sec. 6. Except as otherwise provided in this  
57 constitution, the total amount of general ad valo-  
58 rem taxes imposed upon real and tangible per-  
59 sonal property for all purposes in any one year  
60 shall not exceed 15 mills on each dollar of the

1 assessed valuation of property as finally equalized.  
2 Under procedures provided by law, which shall  
3 guarantee the right of initiative, separate tax  
4 limitations for any county and for the townships  
5 and for school districts therein, the aggregate of  
6 which shall not exceed 18 mills on each dollar of  
7 such valuation, may be adopted and thereafter  
8 altered by the vote of a majority of the qualified  
9 electors of such county voting thereon, in lieu  
10 of the limitation hereinbefore established. These  
11 limitations may be increased to an aggregate of  
12 not to exceed 50 mills on each dollar of valuation,  
13 for a period of not to exceed 20 years at any one  
14 time, if approved by a majority of the electors,  
15 qualified under Section 6 of Article II of this  
16 constitution, voting on the question.

17 The foregoing limitations shall not apply to  
18 taxes imposed for the payment of principal and  
19 interest on bonds or other evidences of indebted-  
20 ness or for the payment of assessments or con-  
21 tract obligations in anticipation of which bonds  
22 are issued, which taxes may be imposed without  
23 limitation as to rate or amount; or to taxes im-  
24 posed for any other purpose by any city, vil-  
25 lage, charter county, charter township, charter  
26 authority or other authority, the tax limitations  
27 of which are provided by charter or by general  
28 law.

29 In any school district which extends into two  
30 or more counties, property taxes at the highest  
31 rate available in the county which contains the  
32 greatest part of the area of the district may be  
33 imposed and collected for school purposes through-  
34 out the district.

35 Sec. 7. No income tax graduated as to rate  
36 or base shall be imposed by the state or any of  
37 its subdivisions.

38 Sec. 8. The legislature shall not impose a  
39 sales tax on retailers at a rate of more than  
40 four percent of their gross taxable sales of  
41 tangible personal property.

42 Sec. 9. All specific taxes, except general sales  
43 and use taxes and regulatory fees, imposed di-  
44 rectly or indirectly on fuels sold or used  
45 to propel motor vehicles upon highways and on  
46 registered motor vehicles shall, after the payment  
47 of necessary collection expenses, be used exclusi-  
48 vely for highway purposes as defined by law.

49 Sec. 10. One-eighth of all taxes imposed on  
50 retailers on taxable sales at retail of tangible  
51 personal property shall be used exclusively for  
52 assistance to townships, cities and villages, on  
53 a population basis as provided by law. In de-  
54 termining population the legislature may exclude  
55 any portion of the total number of persons who  
56 are wards, patients or convicts in any tax sup-  
57 ported institution.

58 Sec. 11. There shall be established a state  
59 school aid fund which shall be used exclusively  
60 for the support of public education and school

employees' retirement systems, as provided by law. One-half of all taxes imposed on retailers on taxable sales at retail of tangible personal property, and other tax revenues provided by law, shall be dedicated to this fund. Payments from this fund shall be made in full on a scheduled basis, as provided by law.

Sec. 12. No evidence of state indebtedness shall be issued except for debts authorized pursuant to this constitution.

Sec. 13. Public bodies corporate shall have power to borrow money and to issue their securities evidencing debt, subject to this constitution and law.

Sec. 14. To meet obligations incurred pursuant to appropriations for any fiscal year, the legislature may by law authorize the state to issue its full faith and credit notes in which case it shall pledge undedicated revenues to be received within the same fiscal year for the repayment thereof. Such indebtedness in any fiscal year shall not exceed 15 percent of undedicated revenues received by the state during the preceding fiscal year and such debts shall be repaid at the time the revenues so pledged are received, but not later than the end of the same fiscal year.

Sec. 15. The state may borrow money for specific purposes in amounts as may be provided by acts of the legislature adopted by a vote of two-thirds of the members elected to and serving in each house, and approved by a majority of the electors voting thereon at any general election. The question submitted to the electors shall state the amount to be borrowed, the specific purpose to which the funds shall be devoted, and the method of repayment.

Sec. 16. The state, in addition to any other borrowing power, may borrow from time to time such amounts as shall be required, pledge its faith and credit and issue its notes or bonds therefor, for the purpose of making loans to school districts as provided in this section.

If the minimum amount which would otherwise be necessary for a school district to levy in any year to pay principal and interest on its qualified bonds, including any necessary allowances for estimated tax delinquencies, exceeds 13 mills on each dollar of its assessed valuation as finally equalized, or such lower millage as the legislature may prescribe, then the school district may elect to borrow all or any part of the excess from the state. In that event the state shall lend the excess amount to the school district for the payment of principal and interest. If for any reason any school district will be or is unable to pay the principal and interest on its qualified bonds when due, then the school district shall borrow and the state shall lend to it an amount sufficient to enable the school district to make the payment.

The term "qualified bonds" means general obli-

gation bonds of school districts issued for capital expenditures, including refunding bonds, issued prior to May 4, 1955, or issued thereafter and qualified as provided by law pursuant to Section 27 or Section 28 of Article X of the Constitution of 1908 or pursuant to this section.

After a school district has received loans from the state, each year thereafter it shall levy for debt service, exclusive of levies for nonqualified bonds, not less than 13 mills or such lower millage as the legislature may prescribe, until the amount loaned has been repaid, and any tax collections therefrom in any year over and above the minimum requirements for principal and interest on qualified bonds shall be used toward the repayment of state loans. In any year when such levy would produce an amount in excess of the requirements and the amount due to the state, the levy may be reduced by the amount of the excess.

Subject to the foregoing provisions, the legislature shall have the power to prescribe and to limit the procedure, terms and conditions for the qualification of bonds, for obtaining and making state loans, and for the repayment of loans.

The power to tax for the payment of principal and interest on bonds hereafter issued which are the general obligations of any school district, including refunding bonds, and for repayment of any state loans made to school districts, shall be without limitation as to rate or amount.

All rights acquired under Sections 27 and 28 of Article X of the Constitution of 1908, by holders of bonds heretofore issued, and all obligations assumed by the state or any school district under these sections, shall remain unimpaired.

Sec. 17. No money shall be paid out of the state treasury except in pursuance of appropriations made by law.

Sec. 18. The credit of the state shall not be granted to, nor in aid of any person, association or corporation, public or private, except as authorized in this constitution.

This section shall not be construed to prohibit the investment of public funds until needed for current requirements or the investment of funds accumulated to provide retirement or pension benefits for public officials and employees, as provided by law.

Sec. 19. The state shall not subscribe to, nor be interested in the stock of any company, association or corporation, except that funds accumulated to provide retirement or pension benefits for public officials and employees may be invested as provided by law; and endowment funds created for charitable or educational purposes may be invested as provided by law governing the investment of funds held in trust by trustees.

Sec. 20. No state money shall be deposited in banks other than those organized under the national or state banking laws. No state money

1 shall be deposited in any bank in excess of 50  
2 percent of the capital and surplus of such bank.  
3 Any bank receiving deposits of state money shall  
4 show the amount of state money so deposited as  
5 a separate item in all published statements.

6 Sec. 21. The legislature shall provide by law  
7 for the annual accounting for all public moneys,  
8 state and local, and may provide by law for interim  
9 accounting.

10 The legislature shall provide by law for the  
11 maintenance of uniform accounting systems by  
12 units of local government and the auditing of  
13 county accounts by competent state authority  
14 and other units of government as provided by law.

15 Sec. 22. Procedures for the examination and  
16 adjustment of claims against the state shall be  
17 prescribed by law.

18 Sec. 23. All financial records, accountings,  
19 audit reports and other reports of public moneys  
20 shall be public records and open to inspection. A  
21 statement of all revenues and expenditures of pub-  
22 lic moneys shall be published and distributed  
23 annually, as provided by law.

24 Sec. 24. The accrued financial benefits of each  
25 pension plan and retirement system of the state  
26 and its political subdivisions shall be a contractual  
27 obligation thereof which shall not be diminished  
28 or impaired thereby.

29 Financial benefits arising on account of service

### Amendment & Revision

13 Sec. 1. Amendments to this constitution may  
14 be proposed in the senate or house of representa-  
15 tives. Proposed amendments agreed to by two-  
16 thirds of the members elected to and serving in  
17 each house on a vote with the names and vote of  
18 those voting entered in the respective journals  
19 shall be submitted, not less than 60 days there-  
20 after, to the electors at the next general election  
21 or special election as the legislature shall direct.  
22 If a majority of electors voting on a proposed  
23 amendment approve the same, it shall become  
24 part of the constitution and shall abrogate or  
25 amend existing provisions of the constitution at  
26 the end of 45 days after the date of the election  
27 at which it was approved.

28 Sec. 2. Amendments may be proposed to this  
29 constitution by petition of the registered electors  
30 of this state. Every petition shall include the full  
31 text of the proposed amendment, and be signed by  
32 registered electors of the state equal in number to  
33 at least 10 percent of the total vote cast for  
34 all candidates for governor at the last preceding  
35 general election at which a governor was elected.  
36 Such petitions shall be filed with the person au-  
37 thorized by law to receive the same at least 120  
38 days before the election at which the proposed  
39 amendment is to be voted upon. Any such petition  
40 shall be in the form, and shall be signed and  
41 circulated in such manner, as prescribed by law.  
42 The person authorized by law to receive such peti-  
43 tion shall upon its receipt determine, as provided  
44 by law, the validity and sufficiency of the signa-  
45 tures on the petition, and make an official an-  
46 nouncement thereof at least 60 days prior to the  
47 election at which the proposed amendment is to be  
48 voted upon.

49 Any amendment proposed by such petition shall  
50 be submitted, not less than 120 days after it was  
51 filed, to the electors at the next general election.  
52 Such proposed amendment, existing provisions of  
53 the constitution which would be altered or abro-  
54 gated thereby, and the question as it shall appear  
55 on the ballot shall be published in full as provided  
56 by law. Copies of such publication shall be posted  
57 in each polling place and furnished to news media

as provided by law.

58 The ballot to be used in such election shall con-  
59 tain a statement of the purpose of the proposed  
60 amendment, expressed in not more than 100 words,  
exclusive of caption. Such statement of purpose  
and caption shall be prepared by the person au-  
thorized by law, and shall consist of a true and  
impartial statement of the purpose of the amend-  
ment in such language as shall create no prejudice  
for or against the proposed amendment.

61 If the proposed amendment is approved by a  
62 majority of the electors voting on the question,  
63 it shall become part of the constitution, and  
64 shall abrogate or amend existing provisions of  
65 the constitution at the end of 45 days after  
66 the date of the election at which it was ap-  
67 proved. If two or more amendments approved by  
68 the electors at the same election conflict, that  
69 amendment receiving the highest affirmative vote  
70 shall prevail.

71 Sec. 3. At the general election to be held in  
72 the year 1978, and in each 16th year thereafter  
73 and at such times as may be provided by law, the  
74 question of a general revision of the constitution  
75 shall be submitted to the electors of the state. If  
76 a majority of the electors voting on the question  
77 decide in favor of a convention for such purpose,  
78 at an election to be held not later than six months  
79 after the proposal was certified as approved, the  
80 electors of each representative district as then  
81 organized shall elect one delegate and the elec-  
82 tors of each senatorial district as then organized  
83 shall elect one delegate at a partisan election.  
84 The delegates so elected shall convene at the seat  
85 of government on the first Tuesday in October  
86 next succeeding such election or at an earlier date  
87 if provided by law.

88 The convention shall choose its own officers,  
89 determine the rules of its proceedings and judge  
90 the qualifications, elections and returns of its mem-  
91 bers. The governor shall appoint a qualified  
92 resident of the same district to fill a vacancy  
93 in the office of any delegate who shall be a mem-  
94 ber of the same party as the delegate vacating  
95 the office. The convention shall have power to ap-  
96 point such officers, employees and assistants as  
97 it deems necessary and to fix their compensation;  
98 to provide for the printing and distribution of its  
99 documents, journals and proceedings; to explain  
100 and disseminate information about the proposed  
constitution and to complete the business of the  
convention in an orderly manner. Each delegate  
shall receive for his services compensation pro-  
vided by law.

101 No proposed constitution or amendment adopted  
102 by such convention shall be submitted to the  
103 electors for approval as hereinafter provided un-  
104 less by the assent of a majority of all the delegates  
105 elected to and serving in the convention, with the  
106 names and vote of those voting entered in the

journal. Any proposed constitution or amendments adopted by such convention shall be submitted to the qualified electors in the manner and at the time provided by such convention not less than 90 days after final adjournment of the convention. Upon the approval of such constitution or amendments by a majority of the qualified electors voting thereon the constitution or amendments shall take effect as provided by the convention.

	6	Section 6 has been changed somewhat but meaning unchanged; a sentence (not a paragraph) has been added at end of section, incorporating the floor amendment, which sentence reads as follows: "The legislature

against the secretary of state, by Mr. Van Dusen, chairman, submits the following report:

In accordance with Resolution 96, the committee on action against secretary of state on May 14, 1962, filed with the circuit court for the county of Ingham, a petition for declaration of rights in an action entitled, Stephen S. Nisbet, President of the Michigan Constitutional Convention of 1961-1962 v. James M. Hare, Secretary of State. The relief sought was a declaration that the convention has the right to provide for submission of the proposed new constitution to the electors at the general election to be held November 6, 1962. The summons and petition were served on the secretary of state on the same day.

On May 22, having had no response from the attorney general, petitioner filed a motion for the entry of a decree. On May 25, the secretary of state appeared specially by the attorney general and moved to dismiss the petition on the ground that the case did not present an actual controversy. The trial court heard argument on the attorney general's motion on June 1 and on June 6 rendered an opinion denying the motion to dismiss. An order to that effect was entered on June 11.

Instead of proceeding to file an answer, the attorney general then filed an application to the supreme court for leave to appeal. This application was granted by the supreme court and the attorney general, on July 2, filed a claim of appeal.

The attorney general has not yet filed a brief and he states that he does not intend to do so until after August 7.

It is obvious that no judicial determination of the right of the constitutional convention to require submission of the proposed constitution to the electors on November 6 will be made in time to be useful to the convention. Accordingly, the committee recommends:

1) That section 15 [formerly section 16] of the schedule and temporary provisions of the proposed constitution be amended by striking from the first sentence the words "Tuesday after the first Monday of November, 1962" and inserting "first Monday in April, 1963."

2) That the committee be authorized to discontinue the action entitled, Nisbet v. Hare.

Richard C. Van Dusen, chairman.

MR. VAN DUSEN: Mr. President, I move the adoption of the report.

PRESIDENT NISBET: The question is on the motion of Mr. Van Dusen that the report be adopted. Those in favor will say aye. Opposed, no.

The report is adopted. Mr. Van Dusen.

MR. VAN DUSEN: Mr. President, in compliance with our rules, I think it would now be necessary to take a roll call vote on the amendment to the constitution changing the date.

SECRETARY CHASE: On the adoption of the constitution as amended, the yeas are 98; the nays are 43. (applause)  
PRESIDENT NISBET: The **constitution** is adopted.

*For the constitution as adopted, see below, page 3317.*

Because of the hour, it being almost noon, the Chair recognizes Mr. Van Dusen.

MR. VANDUSEN: Mr. President, I move that the convention now stand in recess until 2:00 p.m.

PRESIDENT NISBET: The question is on the motion of Mr. Van Dusen that we recess until 2:00 p.m. Those in favor will say aye. Opposed, no.

The motion prevails. We are recessed until 2:00 o'clock.

[Whereupon, at 11:50 o'clock a.m., the convention recessed; and, at 2:00 o'clock p.m., reconvened.]

Will the delegates please take their seats. The convention will please come to order.

SECRETARY CHASE: Mr. President, a quorum of the convention is present.

PRESIDENT NISBET: I think we should recognize the fact that many of our employees are voluntarily back with us today, meeting with the delegates. I'm sure all of us are very happy to have them here. It brings about a happy result to see them and I think we ought to give them a good hand. (applause) Mr. Chase has an announcement.

SECRETARY CHASE: There are 3 announcements that possibly should have been made before we recessed for lunch.

First, there is mail for all of the delegates in the mail room downstairs.

Just prior to the May 11 adjournment, several of the delegates took out, on loan, sets of convention slides which have not been returned. Missing from our files are 12 complete sets of slides. Since we frequently have call from other delegates for the use of these slides, we would appreciate their return as soon as possible. Ink White, chairman of the committee on public information.

I am sure the delegates recall the lady on the civic center staff who took such good care of keeping the windows clean and the place well slicked up, who had to go to the hospital for a very critical operation. A number of the delegates contributed to a fund to help her over her financial difficulties. I have the following card:

It is very difficult to express my appreciation to all the wonderful people of con con. Let me say, with my heart, your kindness and generosity will always be remembered.

Sincerely,  
Freda Adams.

PRESIDENT NISBET: Since the adjournment on May 11, we have added 2 new associate members to the delegation: Mrs. Charles Follo and Mrs. Gil Wanger.

I asked Charlie if Mrs. Follo was present so that he might present her, but he said she isn't. We are sorry, Charlie, she couldn't be with us.

Mr. Wanger, is your associate delegate present? Would you present her?

[Whereupon, the delegates accorded Mrs. Wanger a standing ovation.]

At the final session before the long recess the president was authorized to name a reunion committee for the constitutional convention. Accordingly, the **president appoints**, as members of the reunion committee: Mr. Erickson, Mrs. Koeze, Messrs. Jones, Bowens, Brake, Mrs. Conklin, Mr. Dean Doty, Mrs. Daisy Elliott, Messrs. Faxon, Kelsey, Kuhn, Powell, Sharpe, Wanger, White and Norris.

Without objection, the appointments are approved. You will notice that most of these delegates are within the area of Lansing, Detroit or Grand Rapids for their ease in getting together when they have to meet. Mr. Claud Erickson is chairman of the committee.

Returning to the order of business, **approval of address to people**. We will take up the **report of the committee on public information**. Mr. White, chairman.

MR. WHITE: Mr. President, under date of June 26, 1962, each delegate was mailed proof copies of the proposed address to the people. Since that time our committee has received numerous suggestions for corrections, additions, deletions and so on. Our committee has met and gone over these suggestions and they have been, for the most part, agreed to. I might say, parenthetically, the address in its present corrected form represents the writing and editing of upwards of 50 of our delegates.

Under date of July 27, 1962, each of you was mailed a 16 page multilith report which outlined in detail some 108 corrections. This communication also carried the recommendation that we be authorized to correct the text of the constitution as it appears in the address to conform with the style and drafting changes adopted at today's session, and to offer comments accordingly, if necessary. All of this material has been delivered again to each delegate's desk today. Additionally, you have a single white multilith sheet from our committee containing brief addenda to this 16 page report.

It seems to me, Mr. President, the delegates have had ample time to consider these matters, and to expedite our final deliberations, I move that the report of the public information committee, with the recommended addenda, be considered read.

PRESIDENT NISBET: Without objection, it is so ordered.

*Following is the report as submitted and considered read:*

After careful consideration of suggestions from delegates, your committee on public information recommends the adoption of the following changes in the proof copy of the address to the people:

*For document incorporating following changes, see below, page 3355. Page numbers in report refer to document pages.*

1. Amend page 2, second full paragraph, line 3, after "that one" by striking out "must" and inserting "should"; to improve phraseology.

2. Amend page 2, third full paragraph, line 1, by striking out "Ordered by popular vote, its delegates selected by the people on the basis of one from each senatorial and representative district, the Constitutional Convention of 1961-62 met in Lansing on October 3, 1961.", and inserting "The convention was ordered by popular vote in April of 1961. There were 144 delegates, representing Michigan's 34 State Senatorial districts and 110 State Representative seats. They were elected in statewide voting on September 12, 1961, and convened at Lansing on October 3, 1961."; to improve awkward sentence construction and correct error by indicating "seats" rather than representative "districts."

3. Amend page 2, fifth full paragraph, line 2, after "overlapped" by striking out "each other"; to improve phraseology.

4. Amend page 2, fifth full paragraph, line 6, after

**CONSTITUTION  
OF THE  
STATE OF MICHIGAN**

**as finally adopted  
by the Convention  
August 1, 1962**

## PREAMBLE

We, the people of the State of Michigan, grateful to Almighty God for the blessings of freedom, and earnestly desiring to secure these blessings undiminished to ourselves and our posterity, do ordain and establish this constitution.

## ARTICLE I

Sec. 20. In every criminal prosecution, the accused shall have the right to a speedy and public trial by an impartial jury, which may consist of less than 12 jurors in all courts not of record; to be informed of the nature of the accusation; to be confronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor; to have the assistance of counsel for his defense; to have an appeal as a matter of right; and in courts of record, when the trial court so orders, to have such reasonable assistance as may be necessary to perfect and prosecute an appeal.

Sec. 21. No person shall be imprisoned for debt arising out of or founded on contract, express or implied, except in cases of fraud or breach of trust.

Sec. 22. Treason against the state shall consist only in levying war against it or in adhering to its enemies, giving them aid and comfort. No person shall be convicted of treason unless upon the testimony of two witnesses to the same overt act or on confession in open court.

Sec. 23. The enumeration in this constitution of certain rights shall not be construed to deny or disparage others retained by the people.

## ARTICLE II

### Elections

Sec. 1. Every citizen of the United States who has attained the age of 21 years, who has resided in this state six months, and who meets the requirements of local residence provided by law, shall be an elector and qualified to vote in any election except as otherwise provided in this constitution. The legislature shall define residence for voting purposes.

Sec. 2. The legislature may by law exclude persons from voting because of mental incompetence or commitment to a jail or penal institution.

Sec. 3. For purposes of voting in the election for president and vice-president of the United States only, the legislature may by law establish lesser residence requirements for citizens who have resided in this state for less than six months and may waive residence requirements for former citizens of this state who have removed herefrom. The legislature shall not permit voting by any person who meets the voting residence requirements of the state to which he has removed.

Sec. 4. The legislature shall enact laws to regulate the time, place and manner of all nominations and elections, except as otherwise provided in this constitution or in the constitution and laws of the United States. The legislature shall enact laws to preserve the purity of elections, to preserve the secrecy of the ballot, to guard against abuses of the elective franchise, and to provide for a system of voter registration and absentee voting. No law shall be enacted which permits a candidate in any partisan primary or partisan election to have a ballot designation except when required for identification of candidates for the same office who have the same or similar surnames.

Sec. 5. Except for special elections to fill vacancies, or as otherwise provided in this constitution, all elections for national, state, county and township offices shall be held on the first Tuesday after the first Monday in November in each even-numbered year or on such other date as members of the congress of the United States are regularly elected.

Sec. 6. Whenever any question is required to be submitted by a political subdivision to the electors for the increase of the ad valorem tax rate limitation imposed by Section 6 of Article IX for a period of more than five years, or for the issue of bonds, only electors in, and who have property assessed for any ad valorem taxes in, any part of the district or territory to be affected by the result of such election or electors who are the lawful husbands or wives of such persons shall be entitled to vote thereon. All electors in the district or territory affected may vote on all other questions.

Sec. 7. A board of state canvassers of four members shall be established by law. No candidate for an office to be canvassed nor any inspector of elections shall be eligible to serve as a member of a board of canvassers. A majority of any board of canvassers shall not be composed of members of the same political party.

Sec. 8. Laws shall be enacted to provide for the recall of all elective officers except judges of courts of record upon petition of electors equal in number to 25 percent of the number of persons voting in the last preceding election for the office of governor in the electoral district of the officer sought to be recalled. The sufficiency of any statement of reasons or grounds procedurally required shall be a political rather than a judicial question.

Sec. 9. The people reserve to themselves the power to propose laws and to enact and reject laws, called the initiative, and the power to approve or reject laws enacted by the legislature, called the referendum. The power of initiative extends only to laws which the legislature may enact under this constitution. The power of referendum does not extend to acts making appropriations for state institutions or to meet deficiencies in state funds and must be invoked in the manner prescribed by law within 90 days following the final adjournment of the legislative session at which the law was enacted. To invoke the initiative or referendum, petitions signed by a number of registered electors, not less than eight percent for initiative and five percent for referendum of the total vote cast for all candidates for governor at the last preceding general election at which a governor was elected shall be required.

No law as to which the power of referendum properly has been invoked shall be effective thereafter unless approved by a majority of the electors voting thereon at the next general election.

Any law proposed by initiative petition shall be either enacted or rejected by the legislature without change or amendment within 40 session days from the time such petition is received by the legislature. If any law proposed by such petition shall be enacted by the legislature it shall be subject to referendum, as hereinafter provided.

If the law so proposed is not enacted by the legislature within the 40 days, the state officer authorized by law shall submit such proposed law to the people for approval or rejection at the next general election. The legislature may reject any measure so proposed by initiative petition and propose a different measure upon the same subject by a yea and nay vote upon separate roll calls, and in such event both measures shall be submitted by such state officer to the electors for approval or rejection at the next general election.

Any law submitted to the people by either initiative or referendum petition and approved by a majority of the votes cast thereon at any election shall take effect 10 days after the date of the official declaration of the vote. No law initiated or adopted by the people shall be subject to the veto power of the governor, and no law adopted by the people at the polls under the initiative provisions of this section shall be amended or repealed, except by a vote of the electors unless otherwise provided in the initiative measure or by three-fourths of the members elected to and serving in each house of the legislature. Laws approved by the people under the referendum provision of this section may be amended by the legislature at any subsequent session thereof. If two or more measures approved by the electors at the same election conflict, that receiving the highest affirmative vote shall prevail.

The legislature shall implement the provisions of this section.

### ARTICLE III

#### General Government

Sec. 1. The seat of government shall be at Lansing.

Sec. 2. The powers of government are divided into three branches: legislative, executive and judicial. No person exercising powers of one branch shall exercise powers properly belonging to another branch except as expressly provided in this constitution.

Sec. 3. There shall be a great seal of the State of Michigan and its use shall be provided by law.

Sec. 4. The militia shall be organized, equipped and disciplined as provided by law.

Sec. 5. Subject to provisions of general law, this state or any political subdivision thereof, any governmental authority or any combination thereof may enter into agreements for the performance, financing or execution of their respective functions, with any one or more of the other states, the United States, the Dominion of Canada, or any political subdivision thereof unless otherwise provided in this constitution. Any other provision of this constitution notwithstanding, an officer or employee of the state or of any such unit of government or subdivision or agency thereof may serve on or with any governmental body established for the purposes set forth in this section and shall not be required to relinquish his office or employment by reason of such service. The legislature may impose such restrictions, limitations or conditions on such service as it may deem appropriate.

Sec. 6. The state shall not be a party to, nor be financially interested in, any work of internal improvement, nor engage in carrying on any such work, except for public internal improvements provided by law.

Sec. 7. The common law and the statute laws now in force, not repugnant to this constitution, shall remain in force until they expire by their own limitations, or are changed, amended or repealed.

Sec. 8. Either house of the legislature or the governor may request the opinion of the supreme court on important questions of law upon solemn occasions as to the constitutionality of legislation after it has been enacted into law but before its effective date.

### ARTICLE IV

#### Legislative Branch

Sec. 1. The legislative power of the State of Michigan is vested in a senate and a house of representatives.

Sec. 2. The senate shall consist of 38 members to be elected from single member districts at the same election as the governor for four-year terms concurrent with the term of office of the governor.

In districting the state for the purpose of electing senators after the official publication of the total population count of each federal decennial census, each county shall be assigned apportionment factors equal to the sum of its percentage of the state's population as shown by the last regular federal decennial census computed to the nearest one-one hundredth of one percent multiplied by four and its percentage of the state's land area computed to the nearest one-one hundredth of one percent.

In arranging the state into senatorial districts, the apportionment commission shall be governed by the following rules:

(1) Counties with 13 or more apportionment factors shall be entitled as a class to senators in the proportion that the total apportionment factors of such counties bear to the total apportionment factors of the state computed to the nearest whole number. After each such county has been allocated one senator, the remaining senators to which this class of counties is entitled shall be distributed among such counties by the method of equal proportions applied to the apportionment factors.

(2) Counties having less than 13 apportionment factors shall be entitled as a class to senators in the proportion that the total apportionment factors of such counties bear to the total apportionment factors of the state computed to the nearest whole number. Such counties shall thereafter be arranged into senatorial districts that are compact, convenient, and contiguous by land, as rectangular in shape as possible, and having as nearly as possible 13 apportionment factors, but in no event less than 10 or more than 16. Insofar as possible, existing senatorial districts at the time of reapportionment shall not be altered unless there is a failure to comply with the above standards.

(3) Counties entitled to two or more senators shall be divided into single member districts. The population of such districts shall be as nearly equal as possible but shall not be less than 75 percent nor more than 125 percent of a number determined by dividing the population of the county by the number of senators to which it is entitled. Each such district shall follow incorporated city or township boundary lines to the extent possible and shall be compact, contiguous, and as nearly uniform in shape as possible.

Sec. 3. The house of representatives shall consist of 110 members elected for two-year terms from single member districts apportioned on a basis of population as provided in this article. The districts shall consist of compact and convenient territory contiguous by land.

Each county which has a population of not less than seven-tenths of one percent of the population of the state shall constitute a separate representative area. Each county having less than seven-tenths of one percent of the population of the state shall be combined with another county or counties to form a representative area of not less than seven-tenths of one percent of the population of the state. Any county which is isolated under the initial allocation as provided in this section shall be joined with that contiguous representative area having the smallest percentage of the state's population. Each such representative area shall be entitled initially to one representative.

After the assignment of one representative to each of the representative areas, the remaining house seats shall be apportioned among the representative areas on the basis of population by the method of equal proportions.

Any county comprising a representative area entitled to two or more representatives shall be divided into single member representative districts as follows:

(1) The population of such districts shall be as nearly equal as possible but shall not be less than 75 percent nor more than 125 percent of a number determined by dividing the population of the representative area by the number of representatives to which it is entitled.

(2) Such single member districts shall follow city and township boundaries where applicable and shall be composed of compact and contiguous territory as nearly square in shape as possible.

Any representative area consisting of more than one county, entitled to more than one representative, shall be divided into single member districts as equal as possible in population, adhering to county lines.

Sec. 4. In counties having more than one representative or senatorial district, the territory in the same county annexed to or merged with a city between apportionments shall become a part of a contiguous representative or senatorial district in the city with which it is combined, if provided by ordinance of the city. The district or districts with which the territory shall be combined shall be determined by such ordinance certified to the secretary of state. No such change in the boundaries of a representative or senatorial district shall have the effect of removing a legislator from office during his term.

Sec. 5. Island areas are considered to be contiguous by land to the county of which they are a part.

Sec. 6. A commission on legislative apportionment is hereby established consisting of eight electors, four of whom shall be selected by the state organizations of each of the two political parties whose candidates for governor received the highest vote at the last general election at which a governor was elected preceding each apportionment. If a candidate for governor of a third political party has received at such election more than 25 percent of such gubernatorial vote, the commission shall consist of 12 members, four of whom shall be selected by the state organization of the third political party. One resident of each of the following four regions shall be selected by each political party organization: (1) the upper peninsula; (2) the northern part of the lower peninsula, north of a line drawn along the northern boundaries of the counties of Bay, Midland, Isabella, Mecosta, Newaygo and Oceana; (3) southwestern Michigan, those counties south of region (2) and west of a line drawn along the western boundaries of the counties of Bay, Saginaw, Shiawassee, Ingham, Jackson and Hillsdale; (4) southeastern Michigan, the remaining counties of the state.

No officers or employees of the federal, state or local governments, excepting notaries public and members of the armed forces reserve, shall be eligible for membership on the commission. Members of the commission shall not be eligible for election to the legislature until two years after the apportionment in which they participated becomes effective.

The commission shall be appointed immediately after the adoption of this constitution and whenever apportionment or districting of the legislature is required by the provisions of this constitution. Members of the commission shall hold office until each apportionment or districting plan becomes effective. Vacancies shall be filled in the same manner as for original appointment.

The secretary of state shall be secretary of the commission without vote, and in that capacity shall furnish, under the direction of the commission, all necessary technical services. The commission shall elect its own chairman, shall make its own rules of procedure, and shall receive compensation provided by law. The legislature shall appropriate funds to enable the commission to carry out its activities.

Within 30 days after the adoption of this constitution, and after the official total population count of each federal decennial census of the state and its political subdivisions is available, the secretary of state shall issue a call convening the commission not less than 30 nor more than 45 days thereafter. The commission shall complete its work within 180 days after all necessary census information is available. The commission shall proceed to district and apportion the senate and house of representatives according to the provisions of this constitution. All final decisions shall require the concurrence of a majority of the members of the commission. The commission shall hold public hearings as may be provided by law.

Each final apportionment and districting plan shall be published as provided by law within 30 days from the date of its adoption and shall become law 60 days after

publication. The secretary of state shall keep a public record of all the proceedings of the commission and shall be responsible for the publication and distribution of each plan.

If a majority of the commission cannot agree on a plan, each member of the commission, individually or jointly with other members, may submit a proposed plan to the supreme court. The supreme court shall determine which plan complies most accurately with the constitutional requirements and shall direct that it be adopted by the commission and published as provided in this section.

Upon the application of any elector filed not later than 60 days after final publication of the plan, the supreme court, in the exercise of original jurisdiction, shall direct the secretary of state or the commission to perform their duties, may review any final plan adopted by the commission, and shall remand such plan to the commission for further action if it fails to comply with the requirements of this constitution.

Sec. 7. Each senator and representative must be a citizen of the United States, at least 21 years of age, and an elector of the district he represents. The removal of his domicile from the district shall be deemed a vacation of the office. No person who has been convicted of subversion or who has within the preceding 20 years been convicted of a felony involving a breach of public trust shall be eligible for either house of the legislature.

Sec. 8. No person holding any office, employment or position under the United States or this state or a political subdivision thereof, except notaries public and members of the armed forces reserve, may be a member of either house of the legislature.

Sec. 9. No person elected to the legislature shall receive any civil appointment within this state from the governor, except notaries public, from the legislature, or from any other state authority, during the term for which he is elected.

Sec. 10. No member of the legislature nor any state officer shall be interested directly or indirectly in any contract with the state or any political subdivision thereof which shall cause a substantial conflict of interest. The legislature shall further implement this provision by appropriate legislation.

Sec. 11. Senators and representatives shall be privileged from civil arrest and civil process during sessions of the legislature and for five days next before the commencement and after the termination thereof. They shall not be questioned in any other place for any speech in either house.

Sec. 12. The compensation and expense allowances of the members of the legislature shall be determined by law. Changes in compensation or expense allowances shall become effective only when legislators commence their terms of office after a general election.

Sec. 2. The power of taxation shall never be surrendered, suspended or contracted away.

Sec. 3. The legislature shall provide for the uniform general ad valorem taxation of real and tangible personal property not exempt by law. The legislature shall provide for the determination of true cash value of such property; the proportion of true cash value at which such property shall be uniformly assessed, which shall not, after January 1, 1966, exceed 50 percent; and for a system of equalization of assessments. The legislature may provide for alternative means of taxation of designated real and tangible personal property in lieu of general ad valorem taxation. Every tax other than the general ad valorem property tax shall be uniform upon the class or classes on which it operates.

Sec. 4. Property owned and occupied by non-profit religious or educational organizations and used exclusively for religious or educational purposes, as defined by law, shall be exempt from real and personal property taxes.

Sec. 5. The legislature shall provide for the assessment by the state of the property of those public service businesses assessed by the state at the date this constitution becomes effective, and of other property as designated by the legislature,

and for the imposition and collection of taxes thereon. Property assessed by the state shall be assessed at the same proportion of its true cash value as the legislature shall specify for property subject to general ad valorem taxation. The rate of taxation on such property shall be the average rate levied upon other property in this state under the general ad valorem tax law, or, if the legislature provides, the rate of tax applicable to the property of each business enterprise assessed by the state shall be the average rate of ad valorem taxation levied upon other property in all counties in which any of such property is situated.

Sec. 6. Except as otherwise provided in this constitution, the total amount of general ad valorem taxes imposed upon real and tangible personal property for all purposes in any one year shall not exceed 15 mills on each dollar of the assessed valuation of property as finally equalized. Under procedures provided by law, which shall guarantee the right of initiative, separate tax limitations for any county and for the townships and for school districts therein, the aggregate of which shall not exceed 18 mills on each dollar of such valuation, may be adopted and thereafter altered by the vote of a majority of the qualified electors of such county voting thereon, in lieu of the limitation hereinbefore established. These limitations may be increased to an aggregate of not to exceed 50 mills on each dollar of valuation, for a period of not to exceed 20 years at any one time, if approved by a majority of the electors, qualified under Section 6 of Article II of this constitution, voting on the question.

The foregoing limitations shall not apply to taxes imposed for the payment of principal and interest on bonds or other evidences of indebtedness or for the payment of assessments or contract obligations in anticipation of which bonds are issued, which taxes may be imposed without limitation as to rate or amount; or to taxes imposed for any other purpose by any city, village, charter county, charter township, charter authority or other authority, the tax limitations of which are provided by charter or by general law.

In any school district which extends into two or more counties, property taxes at the highest rate available in the county which contains the greatest part of the area of the district may be imposed and collected for school purposes throughout the district.

Sec. 7. No income tax graduated as to rate or base shall be imposed by the state or any of its subdivisions.

Sec. 8. The legislature shall not impose a sales tax on retailers at a rate of more than four percent of their gross taxable sales of tangible personal property.

Sec. 9. All specific taxes, except general sales and use taxes and regulatory fees, imposed directly or indirectly on fuels sold or used to propel motor vehicles upon highways and on registered motor vehicles shall, after the payment of necessary collection expenses, be used exclusively for highway purposes as defined by law.

Sec. 10. One-eighth of all taxes imposed on retailers on taxable sales at retail of tangible personal property shall be used exclusively for assistance to townships, cities and villages, on a population basis as provided by law. In determining population the legislature may exclude any portion of the total number of persons who are wards, patients or convicts in any tax supported institution.

Sec. 11. There shall be established a state school aid fund which shall be used exclusively for aid to school districts, higher education and school employees' retirement systems, as provided by law. One-half of all taxes imposed on retailers on taxable sales at retail of tangible personal property, and other tax revenues provided by law, shall

To meet obligations incurred pursuant to appropriations for any fiscal year, the legislature may by law authorize the state to issue its full faith and credit notes in which case it shall pledge undedicated revenues to be received within the same fiscal year for the repayment thereof. Such indebtedness in any fiscal year shall not exceed 15 percent of undedicated revenues received by the state during the preceding fiscal year and such debts shall be repaid at the time the revenues so pledged are received, but not later than the end of the same fiscal year.

Sec. 15. The state may borrow money for specific purposes in amounts as may be provided by acts of the legislature adopted by a vote of two-thirds of the members elected to and serving in each house, and approved by a majority of the electors voting thereon at any general election. The question submitted to the electors shall state the amount to be borrowed, the specific purpose to which the funds shall be devoted, and the method of repayment.

Sec. 16. The state, in addition to any other borrowing power, may borrow from time to time such amounts as shall be required, pledge its faith and credit and issue its notes or bonds therefor, for the purpose of making loans to school districts as provided in this section.

If the minimum amount which would otherwise be necessary for a school district to levy in any year to pay principal and interest on its qualified bonds, including any necessary allowances for estimated tax delinquencies, exceeds 13 mills on each dollar of its assessed valuation as finally equalized, or such lower millage as the legislature may prescribe, then the school district may elect to borrow all or any part of the excess from the state. In that event the state shall lend the excess amount to the school district for the payment of principal and interest. If for any reason any school district will be or is unable to pay the principal and interest on its qualified bonds when due, then the school district shall borrow and the state shall lend to it an amount sufficient to enable the school district to make the payment.

The term "qualified bonds" means general obligation bonds of school districts issued for capital expenditures, including refunding bonds, issued prior to May 4, 1955, or issued thereafter and qualified as provided by law pursuant to Section 27 or Section 28 of Article X of the Constitution of 1908 or pursuant to this section.

After a school district has received loans from the state, each year thereafter it shall levy for debt service, exclusive of levies for nonqualified bonds, not less than 13 mills or such lower millage as the legislature may prescribe, until the amount loaned has been repaid, and any tax collections therefrom in any year over and above the minimum requirements for principal and interest on qualified bonds shall be used toward the repayment of state loans. In any year when such levy would produce an amount in excess of the requirements and the amount due to the state, the levy may be reduced by the amount of the excess.

Subject to the foregoing provisions, the legislature shall have the power to prescribe and to limit the procedure, terms and conditions for the qualification of bonds, for obtaining and making state loans, and for the repayment of loans.

The power to tax for the payment of principal and interest on bonds hereafter issued which are the general obligations of any school district, including refunding bonds, and for repayment of any state loans made to school districts, shall be without limitation as to rate or amount.

All rights acquired under Sections 27 and 28 of Article X of the Constitution of 1908, by holders of bonds heretofore issued, and all obligations assumed by the state or any school district under these sections, shall remain unimpaired.

Sec. 17. No money shall be paid out of the state treasury except in pursuance of appropriations made by law.

Sec. 18. The credit of the state shall not be granted to, nor in aid of any person, association or corporation, public or private, except as authorized in this constitution.

This section shall not be construed to prohibit the investment of public funds until needed for current requirements or the investment of funds accumulated to provide retirement or pension benefits for public officials and employees, as provided by law.

Sec. 19. The state shall not subscribe to, nor be interested in the stock of any company, association or corporation, except that funds accumulated to provide retirement or pension benefits for public officials and employees may be invested as provided by law; and endowment funds created for charitable or educational purposes may be invested as provided by law governing the investment of funds held in trust by trustees.

Sec. 22. Procedures for the examination and adjustment of claims against the state shall be prescribed by law.

Sec. 23. All financial records, accountings, audit reports and other reports of public moneys shall be public records and open to inspection. A statement of all revenues and expenditures of public moneys shall be published and distributed annually, as provided by law.

Sec. 24. The accrued financial benefits of each pension plan and retirement system of the state and its political subdivisions shall be a contractual obligation thereof which shall not be diminished or impaired thereby.

Financial benefits arising on account of service rendered in each fiscal year shall be funded during that year and such funding shall not be used for financing unfunded accrued liabilities.

The administration of the commission's powers shall be vested in a state personnel director who shall be a member of the classified service and who shall be responsible to and selected by the commission after open competitive examination.

## ARTICLE XII

### Amendment and Revision

Sec. 1. Amendments to this constitution may be proposed in the senate or house of representatives. Proposed amendments agreed to by two-thirds of the members elected to and serving in each house on a vote with the names and vote of those voting entered in the respective journals shall be submitted, not less than 60 days thereafter, to the electors at the next general election or special election as the legislature shall direct. If a majority of electors voting on a proposed amendment approve the same, it shall become part of the constitution and shall abrogate or amend existing provisions of the constitution at the end of 45 days after the date of the election at which it was approved.

Sec. 2. Amendments may be proposed to this constitution by petition of the registered electors of this state. Every petition shall include the full text of the proposed amendment, and be signed by registered electors of the state equal in number to at least 10 percent of the total vote cast for all candidates for governor at the last preceding general election at which a governor was elected. Such petitions shall be filed with the person authorized by law to receive the same at least 120 days before the election at which the proposed amendment is to be voted upon. Any such petition shall be in the form, and shall be signed and circulated in such manner, as prescribed by law. The person authorized by law to receive such petition shall upon its receipt determine, as provided by law, the validity and sufficiency of the signatures on the petition, and make an official announcement thereof at least 60 days prior to the election at which the proposed amendment is to be voted upon.

Any amendment proposed by such petition shall be submitted, not less than 120 days after it was filed, to the electors at the next general election. Such proposed amendment, existing provisions of the constitution which would be altered or abrogated thereby, and the question as it shall appear on the ballot shall be published in full as provided by law. Copies of such publication shall be posted in each polling place and furnished to news media as provided by law.

The ballot to be used in such election shall contain a statement of the purpose of the proposed amendment, expressed in not more than 100 words, exclusive of caption. Such statement of purpose and caption shall be prepared by the person authorized by law, and shall consist of a true and impartial statement of the purpose of the amendment in such language as shall create no prejudice for or against the proposed amendment.

If the proposed amendment is approved by a majority of the electors voting on the question, it shall become part of the constitution, and shall abrogate or amend existing provisions of the constitution at the end of 45 days after the date of the election at which it was approved. If two or more amendments approved by the electors at the same election conflict, that amendment receiving the highest affirmative vote shall prevail.

Sec. 3. At the general election to be held in the year 1978, and in each 16th year thereafter and at such times as may be provided by law, the question of a general revision of the constitution shall be submitted to the electors of the state. If a majority of the electors voting on the question decide in favor of a convention for such purpose, at an election to be held not later than six months after the proposal was certified as approved, the electors of each representative district as then organized shall elect one delegate and the electors of each senatorial district as then organized shall elect one delegate at a partisan election. The delegates so elected shall convene at the seat of government on the first Tuesday in October next succeeding such election or at an earlier date if provided by law.

The convention shall choose its own officers, determine the rules of its proceedings and judge the qualifications, elections and returns of its members. To fill a vacancy in the office of any delegate, the governor shall appoint a qualified resident of the same district who shall be a member of the same party as the delegate vacating the office. The convention shall have power to appoint such officers, employees and assistants as it deems necessary and to fix their compensation; to provide for the printing and distribution of its documents, journals and proceedings; to explain and disseminate information about the proposed constitution and to complete the business of

the convention in an orderly manner. Each delegate shall receive for his services compensation provided by law.

No proposed constitution or amendment adopted by such convention shall be submitted to the electors for approval as hereinafter provided unless by the assent of a majority of all the delegates elected to and serving in the convention, with the names and vote of those voting entered in the journal. Any proposed constitution or amendments adopted by such convention shall be submitted to the qualified electors in the manner and at the time provided by such convention not less than 90 days after final adjournment of the convention. Upon the approval of such constitution or amendments by a majority of the qualified electors voting thereon the constitution or amendments shall take effect as provided by the convention.

***What the Proposed  
New State Constitution  
Means to You***

- A report to the people of Michigan  
by their elected delegates to the  
Constitutional Convention of 1961-62.

Lansing, Michigan

August 1, 1962

*ernment or authorities with powers, duties and jurisdictions as the legislature shall provide. Wherever possible, such additional forms of government or authorities shall be designed to perform multi-purpose functions rather than a single function.*

This is a revision of Sec. 31, Article VIII, of the present constitution which is cumbersome and rarely used. The new language is broad and flexible in allowing the legislature to set up whatever forms of metropolitan government will best meet the needs.

Recognizing the problems created by numerous governmental authorities in the same area, each serving only one purpose, the last sentence urges multi-purpose forms wherever possible.

## GENERAL PROVISIONS

### Intrastate cooperation.

*Sec. 28. The legislature by general law shall authorize two or more counties, townships, cities, villages or districts, or any combination thereof among other things to: enter into contractual undertakings or agreements with one another or with the state or with any combination thereof for the joint administration of any of the functions or powers which each would have the power to perform separately; share the costs and responsibilities of functions and services with one another or with the state or with any combination thereof which each would have the power to perform separately; transfer functions or responsibilities to one another or any combination thereof upon the consent of each unit involved; co-operate with one another and with state government; lend their credit to one another or any combination thereof as provided by law in connection with any authorized publicly owned undertaking.*

*Any other provision of this constitution notwithstanding, an officer or employee of the state or any such unit of government or subdivision or agency thereof, except members of the legislature, may serve on or with any governmental body established for the purposes set forth in this section and shall not be required to relinquish his office or employment by reason of such service.*

This is a new section designed to encourage the solution of metropolitan problems through existing units of government rather than by creating a fourth layer of local government. Local governments are allowed to join in a variety of ways to work out together the solutions to their joint problems.

This is to be done by agreement of the units of government involved and no unit will be compelled to enter into any agreement. Possible abuses are prevented by providing overall control by general acts of the legislature.

Because this work is to be carried on by local governments, officials (except members of the legislature) are allowed to serve on the boards. The last sentence provides that such service is not in conflict with other provisions of this constitution.

### Highways, streets, etc.; use by utilities; control.

*Sec. 29. No person, partnership, association or corporation, public or private, operating a public utility shall have the right to the use of the highways, streets, alleys or other public places of any county, township, city or village for wires, poles, pipes, tracks, \* conduits or other utility facilities, without the consent of the duly constituted authority of the county, township, city or village; or to transact local business therein without first obtaining a franchise \* from the township, city or village. Except as otherwise provided in this constitution the right of all counties, townships, cities and villages to the reasonable control of their highways, streets, alleys and public places is hereby reserved to such local units of government.*

This is a revision of Sec. 28, Article VIII, of the present constitution to include counties among the local governments with control of public utilities occupying the rights-of-way of highways, streets, alleys and other public places.

Adding the words "public or private" recognizes that both types are subject to the restrictions of this section.

### Franchises; limitations.

*Sec. 30. No franchise or license shall be granted by any township, city or village for a period longer than 30 years.*

No change from Sec. 29, Article VIII, of the present constitution except to spell out "township, city or village" in place of "municipality of this state".

### Highways, streets, etc.; vacation; alteration.

*Sec. 31. The legislature shall not vacate or alter any road, street, alley or public place under the jurisdiction of any county, township, city or village. \*\*\**

This is a revision of Sec. 27, Article VIII, of the present constitution. Reference to "commissioners of highways" is eliminated as obsolete. The words "county" and "township" are included to provide complete local control over public ways and places.

### Public hearings on budgets.

*Sec. 32. Any county, township, city, village, authority or school district empowered by the legislature or by this constitution to prepare budgets of estimated expenditures and revenues shall adopt such budgets only after a public hearing in a manner prescribed by law.*

This is a new section. A review of budgets of local units of government may no longer be required in some circumstances under the provisions of a revised section of Article IX. This proposed section requires that units empowered to draw budgets may not adopt them until after a public hearing held in a manner prescribed by the legislature.

### Removal of elected officers.

*Sec. 33. Any elected officer of a political subdivision may be removed from office in the manner and for the causes \*\* provided by law.*
